Entrance fees to Parks

Not included in price:

Tips and alcoholic drinks
International flights

The exact costs are dependent on the availability of the requested lodges

Itinerary

Day 1: Royal Tree Lodge

Lodge near Maun on the Thamalakane River
On arrival we are driven to our nearby lodge. Out of the hustle and bustle of Maun, the lodge is situated in a private game reserve, under a canopy of shady trees. Apart from the spacious and luxury rooms on wooden decks, this is the ideal area to take a walk to enjoy the pristine nature and view some of the wildlife which includes giraffe, zebra, springbok, ostrich, eland, oryx and kudu as well as an extensive variety of bird life. Dinner is served by candlelight on the lodge's expansive teak deck. We can relax in anticipation of the exciting adventure that awaits us over the next few days

Day 2: Kanana Camp, Okavango Swamps

Lodge in the south western Okavango Swamps
We are transferred to Maun Airport for our flight into the Swamps. Kanana lies on the Xudum River. The area encompasses a necklace of islands dotted with palms, figs, ebony and knobthorn and is home to a myriad of birds, plants and animals. It is the perfect place to experience the diversity of species found in the Okavango Delta. We enjoy a fine lunch and in the afternoon we are taken on our first game drive in this special area. At Kanana, guests may choose to game-drive, go on boat trips, do mekoro trips or simply go on a guided walk. There should be time for all of these activities

Day 3+4: Kanana Camp, Okavango Swamps

Lodge in the south western Okavango Swamps
The morning is the perfect time to explore the crystal clear waterways by Mekoro or motorboat, and enjoy the magnificent variety of birds, plant and reptile species found in the area. Birding is spectacular, and Kanana hosts a seasonal herony that teems with activity, a Kanana highlight which converts all visitors to avid birdwatchers at first sight. In the afternoon a guided walk is highly recommended as is fly or spin fishing for Tilapia, African Pike and Sharptooth Catfish. The wet and dry habitat of the area ensures that a wide variety of wildlife is consistently found here including the must see elephant, hippo, leopard and lion

Day 5: Departure Day

We enjoy a special breakfast before departing with our small plane back to Maun to continue with our African safari or fly back home
