

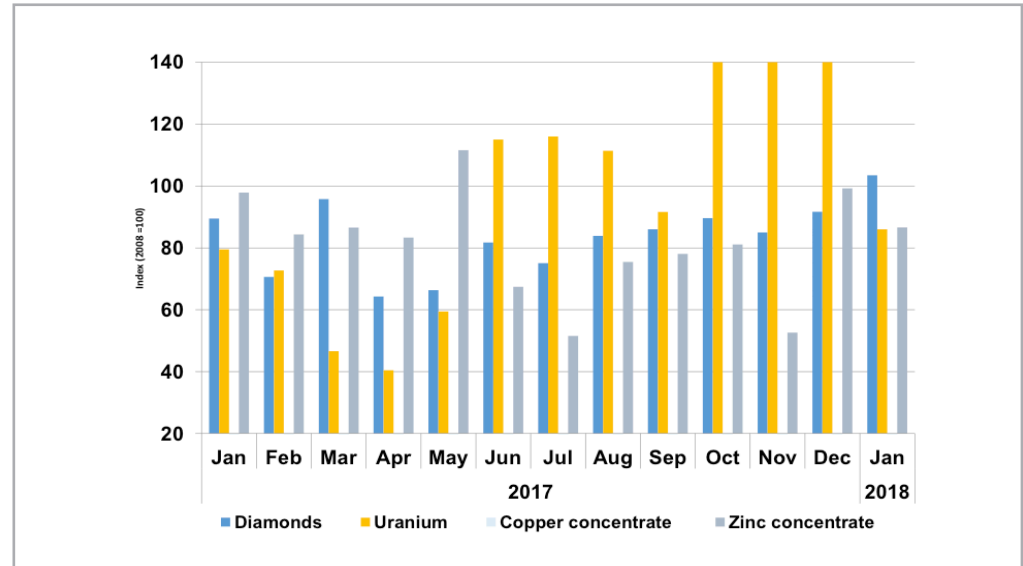

### Chart 1: Overall Mining Production Index

- **The composite mining index** recorded 102.9 basis points in January 2018 compared to 112.7 basis points registered in December 2017. This represents a decline of 8.7 percent m/m and an increase of 5.3 percent y/y (Chart 1).
- **The diamond production index** for January 2018 stood at 103.5 basis points compared to 91.7 basis points recorded in the preceding month. This shows increases of 12.9 m/m and 15.6 percent y/y (Chart2).

### Chart 2: Production Indices of Selected Minerals

*The uranium completed index recorded for the months of October, November and December 2017 stood at 148.7, 152.9 and 142.9 basis points, respectively.*

- **Uranium production index** decreased, recording 86.0 basis points in January 2018 compared to 142.9 basis points registered in December 2017. This translates into a decline of 39.8 percent m/m and an increase of 8.2 percent y/y.
- **There was no production of copper concentrate since November 2017 up to date. The site is kept at operational level to await favourable economic conditions (care maintenance).**
- **Zinc production index** increased, recording 86.6 basis points in January 2018 compared to 99.2 basis points registered in December 2017. These are declines of 12.7 percent m/m and 11.5 percent y/y.

Chart 3: Production Index for Gold Bullion

- The index for Gold Bullion for January 2018 stood at 280.1 basis points compared to 274.4 basis points recorded in the preceding month. This represents an increase of 2.1 percent m/m and a decline of 22.4 percent y/y.

**Table 1: Mining composite index of the selected minerals**

		Diamonds	Uranium	Copper concentrate	Zinc concentrate	Gold Bullion	Overall Index
2010	Jan	58.8	174.4	0.0	94.4	112.4	95.5

## Methodology notes and data sources

**Data Sources:** Ministry of Mines and Energy is the sources of monthly sectoral data.

**Note:** The data collected for monthly sectoral reports are for selected minerals, namely: Diamond, uranium, copper, Zinc and Gold.

**Base year of monthly mining index:** 2008
