

# New Scirocco

Das Auto.

# Awaken your drive.

Introducing the New Scirocco. A fusion of pure power, passion and dynamic design.

18" Norwich alloy wheels are standard on the GTS.

---

## Engines designed to awaken your drive.

The range of Scirocco engines promises one thing in particular – maximum dynamics and responsive output. The TSI engine offers a combination of direct petrol injection and exhaust turbo-charging – enabling high performance combined with the economical fuel consumption of a smaller car. The two TSI engines are available with outputs of 162kW and an impressive 132kW. The 6-speed DSG® dual clutch gearbox is available on the GTS and the Scirocco R – efficiently combining the advantages of a manual and an automatic gearbox so that you can raise your peak power while maintaining economy and style. 18" Norwich wheels are standard on the GTS.

---

## Intense interior comfort.

The leather-covered multifunction steering wheel has much more to offer than an attractive appearance. In conjunction with the DSG® dual clutch gearbox, the elegantly designed paddles facilitate smooth gear changes and standard Cruise Control guarantees pure bliss on the long road. This spirited beauty boasts a sports suspension that exerts power and presence on the road, while slick aluminium touches all around the interior and leather sports seats (standard) create the ultimate comfort experience with a performance edge.

17" Long Beach alloy wheels are standard on the TSI Highline.

---

### It's all in the instrument gauge.

Performance and speed become easily measurable with the introduction of the coveted instrument gauge – perfect for those who are interested in their lap times, or who like to keep a close eye on charge pressure and oil temperature.

---

### Set for safety.

Performance with a passion for safety – the Scirocco meets the highest safety standards with a 5-star NCAP rating. Including standard Electronic Stability Programme (ESP) with Brake Assist and counter steering assistance, Anti-lock Braking System (ABS), Electronic Differential Lock (EDL) and Electronic Brake Force, you can be assured that you will stay firmly on the road while powering through the bends.

The curtain airbag system for front and rear passengers includes side airbags at the front.

The standard 'Plus' anti-theft warning system has interior monitoring via the interior light module in the headlining, ensuring that your Scirocco will stay exactly where it belongs.

18" Salvador alloy wheels are standard with the R-line package.

---

## R-line package.

Sporty performance made visible. Give your New Scirocco a little extra flair with the R-Line package which includes:

- 18" Salvador alloy wheels
- Radiator grille with signature R-line logo
- Front and rear R-line bumpers
- Sill extensions in body colour
- Rear spoiler in R styling

Optional on the 132kW TSI Highline.

---

# Scirocco R.

---

## The sports model.

This car makes no secret of its power. The Scirocco R combines speed-sensitive power steering, a Transverse Differential Lock (XDS Lock) that provides outstanding traction characteristics and a unique sports suspension that ensures optimal handling at all times. The optional Adaptive Chassis Control (DCC) ensures the Scirocco R's suspension is constantly adapting to suit the road and driving conditions.

## Sporting attitude.

Whether it's the gloss black grille with LED daytime running lights in the front bumper, the body-coloured flared side sills, the pronounced rear spoiler or its chrome twin exhausts – there can be no mistaking that the Scirocco R means business on the road.

## Power personified.

The 2.0 TSI engine packs 188kW of pure refined passion, propelling the Scirocco R from 0 to 100 in a hair-raising, pulse-racing 5.8 seconds. Add to that a maximum torque of 350Nm between 2,500 and 5,000rpm and a top speed of 250km/h – and you're experiencing power like never before.

19" Lugano alloy wheels are optional on the GTS and Scirocco R.

19" Cadiz alloy wheels are standard on the R.

	132kW TSI Highline	162kW TSI GTS DSG®	188kW TSI R DSG®
<b>Engine</b>

- KESSY Keyless entry
- Rear Camera Assist
- Bi-Xenon headlights
- Adaptive Chassis Control
- Park Distance Control

All features and options subject to change without notice. ESP includes trailer stabilisation when combined with VW Genuine 7-pin Electrical Kit. Leather seat inserts and a combination of high quality, durable materials. All vehicles are compatible with lead-free fuel.

#### \*Fuel Consumption and Carbon Dioxide Emission Figures

The figures reflected were obtained in accordance with prescribed uniform measuring standards (SANS 20101: 2006 / ECE R101: 2005 in their currently applicable versions) under laboratory type conditions. The measuring standards are stipulated by law. They do not apply to a specific vehicle and are provided to enable comparison between different vehicle models tested using the same uniform measuring standard. The values are accordingly not necessarily representative of real-life driving conditions. Factors such as driving style, vehicle load, road conditions, tyre size, traffic and ambient conditions may result in different fuel consumption and carbon dioxide emission levels to those achieved under the test parameters referred to above. More details are contained in the owner's manual.

New Scirocco

## Volkswagen Financial Services. Designed for you.

When purchasing and insuring a vehicle, it makes sense to enlist the help of a trusted partner. Volkswagen Financial Services' team of dedicated advisers will assist with every aspect of the vehicle purchasing and insuring process, making it as quick and easy as possible. VolkswagenSure is a comprehensive range of affordable motor insurance products available to Volkswagen owners. Brought to you by Volkswagen Financial Services, VolkswagenSure is underwritten by The Hollard Insurance Company Ltd. All Volkswagen Financial Services products are designed to provide you with a hassle-free motoring experience and are conveniently available from any Volkswagen Dealer in South Africa.

With Volkswagen Financial Services, driving your New Scirocco home will be easier and faster than you ever imagined.

## Das Auto. The Car.

Only when a car defines an era. Only when a car becomes a way of life. Only when a car gives its name to an entire generation. Only when a car possesses both size and stature. Only when a car provides a home for the whole family. Only when a car invites everyone to share its innovations. Only when a car creates technologies that break new ground. Only when a car delivers a miracle of performance. Only when today's car is already anticipating tomorrow. Only then can it be called The Car (Das Auto).
