This year was full of challenges but when you run in frequency with God you will succeed. Every day there are forces at work trying to stop or silence you. How do you handle these forces?

- Spend time with God, by connecting to God through the Word and by prayer.
- Get back to the heart of God and his dream for your life.
- Discipline yourself and get fit.
- Clothed you with the spirit so that you are filled by the spirit and walk in the spirit. The fruit of the spirit are activated by the power of the Holy Spirit and gifts of the spirit will manifested through you!

2015...year of blessings!

- Walk in the authority and integrity of Jesus Christ.
- Never attack in anger, but get a warrior culture and fight for it.

This was a year of cleansing and demolishing of the satanic strongholds in our country. From the east to the west, we took on Leviathan and Jezebel, concurs the land. Satan and his demons are real and always on the roll, but through the blood of Christ we are more than conquerors. We went from quitting or camping to climbing! Do we really climb and take God and His covenant serious? If men stood up in there authority and start climbing the mountain to connect to Abba, generations will change.

Remember Camp David is preparing the way in our country. We are the frontrunners, the pioneers that are focused and on the run. They ask the question, where are the rest, don't they see the danger? Pioneers are always against the stream, climbing higher heights! We are on the move and the third campsite is developing in

the North.

The highlights of the year was:

- The level of intimacy and deliverance on every camp.
- Warriors 4 Christ was a level of worship and solid teachings.
- Hallelujah Namibia was more than just a show. It was a connection and restoration of a nation. It was a nation in praise.
- Revival that breaks out at the coast and in Outjo, men that are freed from bondage.
- Camp 70 was al about intimacy.
- The 10-year reunion of worship and blessing!

Be prepared next year will be a year of acceleration, the fittest will survive!

Adventure to Live

Your calling is written on your heart, if you discover your heart (in other words the truest deepest you) there will be a restoration of your identity and masculinity. You will discover that you were made in the image of a warrior God prepared to take on the evil. God will give the direction and your life becomes an adventure, one with purpose where you take authority and God is in control. You will start running on a higher level, on a journey according to a desire activated by the Spirit. We have a similar journey, there is always a battle to fight, an adventure to live and a beauty to

There comes a time where you and your Creator need time alone. This time you need to talk about your journey. Every journey is driven by a desire, a worldly or Godly desire. The secret of your life is written in the form of your desires, to take away this desires is to take out your heart. It is all about the journey that you take according to the desire God planted in your heart that created your story!!

On the phase 2 camps we talk about your life story, are you still caught up in Moab or did you leave for the Promised Land. On Friday we take a walk through the book of Ruth, a woman prepared to give up everything just to obey God and His word.

integrity and righteousness, to have a right standing with God and be called a friend of God. The lover isn't about women at all; it's about the life of the heart, life of beauty, passion and a deep ROMANCE WITH GOD. A lover comes to offer his strength to a woman! NOT TO GET IT FROM HER!!!

If there are still hidden pain controlling your body, mind and spirit; this is where every phase of your life are sorted. Remember every posing man is a wounded boy; sometimes it is a shark in a suit!

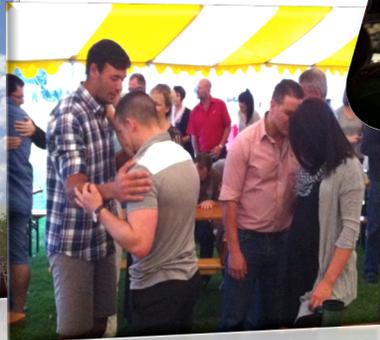

The Manhood principle about a real man is to accept responsibility, reject passivity and start leading courageously!

LIVE IN FAITHFULNESS TO GOD, knowing that the significance of your life will extend beyond your lifetime.

This camp will take you on a deeper level of intimacy between you, God and your wife. It is about

Hope to see you on the next phase 2 camp. We are hosting two camp in 2016, so book those dates for you.

Hallelujah Namibia

What a evening to remember!!! A nation in praise that came together and just stand together before the Lord God Almighty and give Him praise.

Everyone keeps asking us: "How many people showed up?" But it did not go about the number of people that showed up, or that we make a profit, it was about the reconciliation that took place. And if you attended it, you would've seen the reconciliation between the families. With the Final budget amount of N\$2,034,096.00 we can give all honor to God, and just say thank you for each and everyone that sowed in.

At one stage Heinz Winckler took the whole crowd into a segment where the fathers had to pray over there families, and you could see how the small groups all over the field stood together and just prayed, cried, laughed and just connect. Me personally this was AMAZING, because that was what the evening was about, to fix what was broken in the family, and then so in a Nation! Together the artist shared there testimonies how God came and restored them, and also some of our Namibian people shared

their testimonies.

We are so privileged to live in a country where we can praise the Lord boldly and freely, and Hallelujah Namibia is just a platform where we can come together and do it.

All the artists even said they had a total spirit filled experience in the time they were here. And each year we are privileged to work with artist like this, for behind the scenes most of them are just humble servants of the Lord to bring forth the Word through music.

Plans are already in progress for Hallelujah Namibia 2016, and we are also in contact with most of the artist.

Blessing

Come thirsty to the living well and He will provide the living water. Remember we need to feed and fill other people out of the overflow of living water. That overflows start with by being honest and humble! Get in a loving relationship with Abba and let Jesus be the center of your heart

Never attack in anger or make decisions out of a fear bond, but out of a love bond.

To activate an overflow is to start blessing people, forget about gifts this festive season, and rather fill the atmosphere with love and understanding!

I bless you with

- A loving relationship with your friends and family.
- Open eyes of understanding being enlightened by the Holy Spirit.
- Knowledge of the word and understanding of scripture.
- Wisdom and direction.
- A walk in the calling God called you.
- An enlargement of your territory, where you walk the Glory will follow.
- A walk and not a talk about your relationship and not religion.
- The hand of God upon you that He would keep you from evil and pain.
- Faith, hope and love and may the greatest one be love.
- The fruit of the Spirit, love, joy (gladness), peace, patience, kindness, goodness, faithfulness, gentleness (humility) and self-control.

- The power of the Holy Spirit and a sound mind.
- Success and endurance, to keep on keeping on.
- Identity and authority in Christ Jesus.

Be a blessing to others and they will be a blessing to you!
May the Lord love you and keep you!

Jacques van Vuuren

May you and your family be blessed with Father's unconditional love for one another, and be a blessing to someone else this season.
May your feet be blessed to walk where the Light leads you.
