What's the secret to striking the right chord? Making sure it's perfectly in tune. What's better than being inspired? Being inspirational. Finding your own way is no easy task – but it can be incredible fun. With the A-Class. Fighting fit and a force to be reckoned with, it injects more movement, more ideas – quite simply more life into life.

The spirit of the time?

Overtaken ages ago.

The epitome of
a new beginning.

One switch. Four personalities. "Comfort", "Sport", "Eco" and "Individual" – everything's possible. In next to no time with the DYNAMIC SELECT Switch. One click is all it takes to find driving dynamics to suit your mood. Or the road. Or the weather. Come what may, the A-Class is already here.

Click. Kick.

Adept at not getting too close.

Nothing comes (too) close if you can keep your distance. That's how it is with safety today. And that's how Mercedes-Benz Intelligent Drive works: innovative assistance systems that warn the driver – or intervene themselves – when they detect an emergency situation. More extensively and highly developed than ever before in this class of car.

Centre of attention – from the comfort of your seat.

It's impressive how the A-Class deals with so much attention. It simply gives it back. With an interior that provides information at eye level and functions that are just an intuition away. Responding to your every touch as you revel in how everything feels.

The A-Class catches your eye. And it's hard to look away. From the confident radiance, the style, the mettle and the colours. Follow it. Give your dreams free rein.

ARTISA

Object of desire.

And fulfilment.

Leaves its mark on your eyes as well as your mind.

A sea of expressionistic elbaite green. So compellingly irresistible that it takes even the air's breath away. The A-Class has the best c_d value in its segment. Every line and every surface has been aerodynamically optimised. It doesn't just look captivatingly dynamic, it also reduces fuel consumption and driving noise.

Dock
and drive.

Life without a smartphone? Unimaginable. In the A-Class it is perfectly integrated on request. Thanks to Apple CarPlay™ or Android Auto lots of content is displayed on the media display as on your smartphone screen. Numerous smartphone functions – including navigation, music and news – can be controlled via the car. It looks like exciting times are ahead.

Doesn't just look the part.
Also acts the part.

AMG. Three letters. One league of its own. The Mercedes-AMG A 45 4MATIC pulls at the heartstrings. Each AMG detail is honed for high performance, each line a statement of intent. The optional AMG Aerodynamics package includes additional black flics on the front apron and an AMG rear aerofoil. For more downforce. And a more aggressive stance.

The Mercedes-AMG A 45 4MATIC is home to the world's most powerful 4-cylinder production engine. With a soundtrack to match. Each powerful thrust is acknowledged by a sonorous roar from the AMG sports exhaust system whilst the optional AMG RIDE CONTROL sports suspension coaxes the car around every bend with the utmost skill and precision. Assuredly and directly, just above the tarmac.

You can tell alpha leaders by their
roar.

Red
means stop. And hold your breath.

Your racing suit.

The interior of the Mercedes-AMG A 45 4MATIC is a force field. Customised for adrenaline. Released the moment your fingertips touch the shift paddles. And the calm becomes a storm. One in which the acceleration presses you back into the optional AMG performance seats. Before catapulting you into a whole new world of feeling and emotion. The control centre: the AMG DRIVE UNIT, including the AMG DYNAMIC SELECT Controller for selecting from up to five different driving modes.

Our next great innovation revolves around you.

Prepare to be inspired, surprised and thrilled by new services, products and experiences at www.mercedes.me. You are also warmly invited to check out our Mercedes me stores in major cities such as Hamburg, Munich, Milan, Moscow, Tokyo or Hong Kong.

S H 2056

THIS IS ADDED TEXT! :)

Mercedes me. Welcome to your Mercedes-Benz world.

You have new questions, Mercedes-Benz has a new answer for you: Mercedes me. Your point of access to a fascinating world of personalised services from Mercedes-Benz. Offering innovative, individualised mobility, connectivity, finance and other services, as well as special brand experiences. All subject to continual development. Innovative, simple and cutting-edge: www.mercedes.me

Join us – on your smartphone, tablet or PC. And let's shape tomorrow's world together.
Any time, anywhere.

Mercedes me connect is all about networking the vehicle with the driver – and more besides: the car is becoming part of the way we live, providing added comfort as well as the reassurance of being permanently connected, even while on the move. Mercedes me connect includes Standard Services, which are able to provide you with automatic support in the event of a breakdown or an accident, and Remote Online Services – the option enabling vehicle settings to be carried out by smartphone – and lots more.

Mercedes me finance offers you various routes to your vehicle of choice. Mercedes-Benz Financial Services finds the ideal leasing, financing and insurance solution together with you – tailored to your needs. Our leasing products enable you to drive the latest models at all times while enjoying maximum flexibility, as you pay not for acquisition of the vehicle, but only for its use. You also benefit from attractive monthly instalments. Our financing arrangements enable you to pay for your new Mercedes-Benz in a way that suits your personal budget. You can tailor your monthly instalments to your needs by deciding on an appropriate down-payment and term for your contract. Our individual insurance solutions offer reliable protection for your budget and your vehicle on attractive terms. Once a contract is in place, you can conveniently manage your finance applications online.¹

Mercedes me inspire offers special brand experiences and an opportunity to engage in an inspiring dialogue. We aim to share our ideas with you and we would like to know your ideas and wishes. So that we can always offer you the best solutions. A community is available to this end, and you will also find a growing range of offerings and experiences which go beyond the traditional vehicle-related topics – from areas such as events, travel and lifestyle.

Mercedes me move offers access to the intelligent mobility solution moovel: this mobility app pools the offerings from various mobility providers to find the ideal route from A to B. car2go is the pioneer and market leader worldwide in free-floating car sharing, and car2go black stands for smartphone-based car sharing with Mercedes-Benz B-Class vehicles. With the mytaxi app you can order a taxi, track its approach live and pay for your journey in a convenient manner.

Mercedes me assist makes easy work of organising maintenance for your vehicle, providing a convenient online means of locating a Mercedes-Benz dealer in your neighbourhood and arranging a service appointment. The digital service report keeps you up to date on performed service work at all times. The report is available to you online just one day after a service. In addition to the current service report, you can also view your vehicle's complete service history and service intervals, and you can print this information out if you so wish.

¹ Depending on market availability.

Mercedes-Benz
Service

Our service: the perfect fit for your Mercedes.

Beyond the car itself, you also acquire something priceless – an exclusive partnership with Mercedes-Benz. For you, this means safety, independence and motoring free of any worries. In other words: the reassuring feeling of driving a Mercedes.

The best for your Mercedes. No-one knows your Mercedes better than our experienced specialists at the Mercedes-Benz workshops. The comprehensive range of services and the high standard of quality ensure that your vehicle is in top condition. We use tested Mercedes-Benz GenuineParts and special tools to this end.

The best for you. Motoring free of any worries right from the word go: with the tailor-made Mercedes-Benz Service Contracts. These offer you the benefits of a reliable basis for long-term planning, permanent control over costs, fixed monthly rates and cost transparency. Plus ideal protection from additional workshop costs.

The best for your mobility. The Mercedes-Benz Mobilo¹ insurance package provides for motoring free of any worries throughout Europe – covering breakdowns, accidents, minor mishaps and vandalism. The benefits offered by Mobilo include on-the-spot assistance, a replacement vehicle, towing and overnight hotel accommodation, for example. This mobility guarantee is automatically on board for the first two years after initial registration, and can subsequently be renewed for a period of up to 30 years in all. Whenever you need assistance, you can reach us free of charge throughout Europe on 00800 1 777 7777².

◀ FIND OUT MORE

For the full information on Mercedes-Benz Service Contracts, go to www.mercedes-benz.com/servicevertraege – or ask your authorised Mercedes-Benz dealer to draw up an individual offer for you.

¹ Our general terms and conditions apply. The period of validity is extended after each service carried out by an authorised Mercedes-Benz service partner until the due date for the next service – up to a maximum of 30 years after initial registration. ² Roaming charges may apply when calling from abroad.

What would motorsport be without Mercedes-Benz?

The first vehicle to ever win an automobile race was powered by a Daimler engine. The first Mercedes was a racing car. The Silver Arrows – a true legend. Mercedes-Benz has a long tradition of involvement with the world of sport. Motorsport shapes the brand and every vehicle bearing the Mercedes star to this day. Discover the brand's unique history first-hand: at the Mercedes-Benz Museum in Stuttgart.

FIND OUT MORE

Discover just what has been moving the world for 130 years and take a journey through time as well as through the history of the automobile at the Mercedes-Benz Museum. More than 1500 exhibits await you on 16,500 m² of floorspace, including unique gems such as the oldest surviving Mercedes from 1902 or the legendary gull-wing models. Welcome to a place of innovation:

What would Mercedes-Benz be without motorsport?

3 June 1934 marked the beginning of the Silver Arrows legend in the International Eifel Race at the Nürburgring. Today this legend is more alive than ever: in 2015 the Silver Arrows works team MERCEDES AMG PETRONAS won the Formula 1 constructors' and drivers' titles for the second year in a row. The value of these successes extends way beyond the race track: every mile raced advances the development of lightweight materials and hybrid technology, among other things, for series production.

Mercedes-Benz F1 W07 Hybrid, 2016 season.

Perfectly connected. With Apple CarPlay™.

Apple CarPlay™ for the iPhone® and **Android Auto** for Android devices facilitate optimum integration for the ideal in-car infotainment system. Including navigation option, telephony and messaging function by means of voice control plus access to the music player. Smartphone integration is part of COMAND Online and available as an option with Audio 20.

NAVIGATION AND INFOTAINMENT OPTIONS

Navigation, telephone, audio, video, internet – with the **COMAND Online** control and display system the driver is able to keep these and many other functions in view and under control. They are shown on the high-resolution media display with a screen diagonal of 20.3 cm.

Live Traffic Information (part of the optional COMAND Online and Garmin® MAP PILOT) facilitates the reception of the latest and precise traffic information for optimised dynamic route guidance and precisely calculated arrival times. Data transfer is with a communication module via a mobile internet connection.

User-friendly navigation, precise map data and excellent route guidance – the **Garmin® MAP PILOT** brings all the familiar benefits of a Garmin® navigation system to the Audio 20 CD – including Live Traffic Information. It is all done by simply inserting an SD card with navigation software and map data sets.

The **Audio 20 CD** multimedia system combines entertainment, information and communication. The Audio 20 CD with internet capability, radio with twin tuner and CD player also allows networking with mobile devices via Bluetooth®, optionally also on the 20.3 cm media display.

Perfectly networked. With Mercedes me connect.

Our innovative and individualised mobility, connectivity and services go by the name of Mercedes me. As part of this fascinating Mercedes-Benz world of experience, **Mercedes me connect** integrates driver, car and personal lifeworld. Mercedes me connect standard services such as the Mercedes-Benz emergency call system or breakdown management offer immediate assistance.

The **Remote Online** equipment is the technical preparation for the use of further – separately available – Mercedes me connect services, such as the Parked Vehicle Locator function (see top fig.) or retrieval of the current vehicle status (see bottom fig.). Remote Online is optionally available with the multimedia system Audio 20 CD and is an integral part of the optional COMAND Online multimedia system, which opens up the whole world of Mercedes me connect to you – including browser, navigation with Live Traffic Information (three years free of charge) and numerous apps. The Mercedes me connect services are enabled on your request, with the exception of the automatically activated Mercedes-Benz emergency call system and Live Traffic Information.

On the road to accident-free driving. Mercedes-Benz Intelligent Drive.

Car drivers can only pay so much attention. It's easier to get distracted – and a rear-end collision happens more quickly – than one would think. This type of collision is responsible for around a quarter of all road accidents involving injuries in Germany. Reducing this number significantly in future is one of the aims of **Mercedes-Benz Intelligent Drive**. It's a question of approach, pioneering spirit and responsibility. But what does this mean in practice?

The A-Class is fitted with the **Active Brake Assist** as standard. The system gives the driver a visual warning if a vehicle in front is too close. On detecting the danger of a collision there is an acoustic warning, driver braking can be assisted and, if the driver fails to react, the speed can be reduced autonomously.

FIND OUT MORE

The Active Brake Assist is part of a bigger whole:
Mercedes-Benz Intelligent Drive – our generic term for intelligent technologies which actively support the driver and help to take the strain out of driving. Find out more: on your computer or tablet PC at
www.mercedes-benz-intelligent-drive.com

THE ACTIVE BRAKE ASSIST

The distance warning function of the Active Brake Assist is based on a flush-mounted sensor in the car's front end which continuously monitors the distance from the vehicle in front within a speed range from 7 to 250 km/h. Stationary vehicles can be registered in a speed range between 7 and around 80 km/h.

The reassuring feeling of driving a Mercedes-Benz.

We are the first automotive manufacturer worldwide to have developed an **integral safety concept**, aimed at avoiding accidents, ensuring ideal responses to dangers and mitigating the consequences of accidents. For the occupants of a Mercedes and for all other road users, too.

SAFE DRIVING

ATTENTION ASSIST can detect typical signs of drowsiness based on steering behaviour, especially on long journeys and when driving at night, and give the driver plenty of warning if microsleep is imminent.

The **ADAPTIVE BRAKE control system** improves braking performance through intelligent intervention: in wet conditions, the brake discs are kept dry. The brake pads are applied automatically when the driver's foot is removed abruptly from the accelerator pedal. And on uphill slopes, the system is able to prevent the car from rolling backwards.

The optional **Distance Pilot DISTRONIC** helps to maintain a safe distance from the vehicle ahead above all in urban or stop-and-go traffic. The system is able to brake the car automatically and subsequently accelerate again as appropriate to the traffic situation.

The optional **Blind Spot Assist** with radar sensors makes one of the major hazards in traffic visible. When a vehicle is detected in the blind spot, a red triangle lights up in the exterior mirror. An acoustic warning additionally sounds as necessary. The system is active at speeds between 30 and 250 km/h. The optional **Lane Keeping Assist** system is able to detect when the car is unintentionally drifting out of its lane at speeds between 60 and 200 km/h, duly warning the driver by means of vibrations on the steering wheel. Blind Spot Assist and Lane Keeping Assist also form part of the optional Lane Tracking package.

IN THE EVENT OF DANGER

The optionally available **PRE-SAFE®** anticipatory occupant protection system is able to identify critical driving situations in advance and to initiate precautionary measures to protect the car's occupants if there is the risk of an accident. Such measures include reversible belt tensioning or automatic closing of open side windows, for example.

IN AN ACCIDENT

An extensive protection system can substantially reduce the risk of injury. This includes the **active bonnet**, which can spring upwards automatically by six centimetres to provide better protection for pedestrians or cyclists in the event of an impact. The car occupants, meanwhile, benefit from a high level of accident protection thanks to as many as **nine airbags**.

AFTER AN ACCIDENT

Every Mercedes-Benz is highly trained in first aid. If the worst comes to the worst, the engine can be stopped automatically, the hazard warning lights and emergency interior lighting can be activated, and the central locking can be unlocked. Finally the optional **Mercedes-Benz emergency call system** can send position data and important vehicle information, though it is to be hoped this will never be necessary. Mercedes-Benz also provides multi-lingual Guidelines for Rescue Services which helpers can download online worldwide at www.mercedes-benz.de/rettungsleitfaden

DYNAMIC SELECT. Emotions on tap.

Straight from the luxury segment to the A-Class: **DYNAMIC SELECT**. A small button with an astonishingly big effect. You can change between the pre-configured driving modes – “Comfort”, “Sport”, “Eco” and “Individual” – as and when you wish. Doing so alters the settings of the steering and drive system, for example, and – in conjunction with the adaptive damping – also the suspension. “Individual” mode lets you choose your own individual settings. DYNAMIC SELECT is either standard or optional, depending on model and equipment.

The optional **Sports Direct-Steer system** adds to the comfort of speed-sensitive power steering with a variable ratio dependent on the steering angle. On winding roads, for example, this produces a more agile handling response and improved straight-line stability.

The **all-wheel drive system 4MATIC** (available for certain models) ensures the best possible relation between dynamism, traction and efficiency in all driving conditions. This is made possible by fully variable torque distribution, ranging from full front-wheel drive to a 50:50 split.

About class A efficiency.

The **A 180 d BlueEFFICIENCY Edition** featuring a raft of aerodynamic measures, a lowered body and a special transmission ratio boasts a whole package of innovations aimed at ensuring extremely low fuel consumption and CO₂ emissions. For every drive system variant there is an **ECO display** on board. Embedded in the instrument cluster, it uses various graphics to encourage the driver to adopt a fuel-saving driving style. Incidentally, the A-Class generation only saves in the right places. Many of the engines have been uprated, therefore making for an even more dynamic drive.

MANUAL OR AUTOMATIC?

With short, direct shift travel, the **6-speed manual transmission** enables swift, smooth and easy gear shifting.

The optional **dual clutch transmissionn 7G-DCT** allows fast, smooth gear changes without any interruptions in tractive power. DYNAMIC SELECT can be used to preselect the shift characteristics from fuel-saving to sporty.

FIND OUT MORE

From the minimum CO₂ value to the maximum output: the engine line-up offers the best for every taste. The complete list of variants and technical data can be seen on pages 62/63.

A 250 Sport and A 250 Sport 4MATIC – engineered by AMG.

More power, sporty design elements, exclusive equipment and appointments, and AMG driving dynamics components – that is A-Class Sport models. Climb in and feel the thrill.

EXTERIOR HIGHLIGHTS

AMG Line

Red trim on the front and rear aprons

Diamond radiator grille with chrome pins, louvre painted high-gloss black

AMG 5-spoke light-alloy wheels, painted black with a high-sheen finish, with 235/40 R 18 tyres

AMG speed-sensitive sports steering

Sports suspension engineered by AMG, lowered by 15 mm

Red brake callipers at front and rear with "Mercedes-Benz" lettering at front

Sportier engine, transmission and accelerator configuration

AMG rear aerofoil (optional)

INTERIOR HIGHLIGHTS

AMG Line

designo seat belts in red

Air outlets with red surround and cruciform nozzle in silver chrome

Cord floor mats with edging in black and red contrasting topstitching plus "Sport" lettering

AMG performance seats (optional, see detailed picture above)

Ready for the new Mercedes-AMG A 45 4MATIC?

Catapulted by the world's most powerful 4-cylinder production engine. Sharpened by proven high-performance components from the world of motor racing and characterised by distinctive AMG design: the new Mercedes-AMG A 45 4MATIC. Once seen, never forgotten.

EXTERIOR HIGHLIGHTS

- AMG front apron with front splitter in matt titanium grey and black flics
- AMG radiator grille with silver-chrome twin louvre and "AMG" lettering
- AMG side sill panels with inserts in matt titanium grey
- AMG rear apron with diffuser look
- AMG sports exhaust system with two chrome-plated twin tailpipes
- AMG 10-spoke light-alloy wheels, painted titanium grey with a high-sheen finish, with 235/40 R 18 tyres
- AMG cross-spoke light-alloy wheels, painted titanium grey with a high-sheen finish, with 235/35 R 19 tyres (optional, see detailed image on left)
- AMG spoiler lip
- LED High Performance headlamps

INTERIOR HIGHLIGHTS

- 3-spoke multifunction leather sports steering wheel with flattened bottom section, perforations in the grip area, 12 function keys and red contrasting topstitching
- AMG instrument cluster
- AMG DRIVE UNIT, including AMG DYNAMIC SELECT Controller
- AMG front door sill panels in brushed stainless steel
- Sports seats upholstered in ARTICO man-made leather/DINAMICA microfibre
- designo seat belts in red
- AMG floor mats
- Air outlets with red surround and cruciform nozzle in silver chrome

Mercedes-AMG A 45 4MATIC technical details.

High performance begins way before the start at Mercedes-AMG. The AMG 2.0-litre 4-cylinder turbocharged engine – the world's most powerful 4-cylinder production engine, with 475 Nm and 280 kW (381 hp) – is meticulously built by hand in keeping with the “One Man – One Engine” philosophy. The engineer responsible vouches for this with their name – visible by the signature on the “AMG” engine badge.

THE AMG TECHNOLOGY PACKAGE

AMG SPEEDSHIFT DCT 7-speed sports transmission

AMG DYNAMIC SELECT driving modes

AMG performance 4MATIC all-wheel drive

AMG axles with independent front steering knuckles and AMG-specific elastokinematics

AMG sports suspension

AMG high-performance braking system with internally ventilated and perforated brake discs plus grey-painted brake callipers with “AMG” lettering

Electronic Stability Program ESP®, three-stage

AMG speed-sensitive sports steering

AMG cooling system with additional wheel arch water cooler

AMG Performance Studio.

In the AMG Performance Studio you will find a great variety of optional extras which endow the Mercedes-AMG A 45 4MATIC with even more AMG spirit and individuality. The highlight in terms of driving dynamics is the AMG DYNAMIC PLUS package, including a front-axle locking differential for extremely effective traction when adopting a sporty driving style.

HIGHLIGHTS FROM THE AMG PERFORMANCE STUDIO

AMG Night package

AMG Aerodynamics package

AMG carbon-fibre exterior mirror housings

AMG DYNAMIC PLUS package, including front-axle locking differential

AMG RIDE CONTROL sports suspension with two-stage adaptive damping and additional "RACE" mode

Red-painted brake callipers with black "AMG" lettering

AMG performance exhaust system including switch in the upper control panel for an even more emotive engine sound in the interior

AMG performance steering wheel in DINAMICA microfibre or in nappa leather with area of grip in DINAMICA microfibre, AMG E-SELECT lever and master key with "AMG" emblem

AMG performance seats

AMG Driver's package (top speed limited to 270 km/h and participation in driver training at the AMG Driving Academy)

The standard equipment.

Even inconspicuous details have a high-quality feel. Even barely visible components are engineered for an extremely precise fit. Even the most unlikely emergencies are taken into account in the extensive protective measures. This all-round luxury comes as standard in every Mercedes.

FIND OUT MORE

For the complete range of standard equipment please refer to the price list, which is also available for viewing online: www.mercedes-benz.com

EXTERIOR HIGHLIGHTS

Steel wheels with 10-hole wheel trims, with 195/65 R 15 tyres (some models have steel wheels with 10-hole wheel trims with 205/55 R 16 tyres or 10-spoke light-alloy wheels with 225/45 R 17 tyres)

Diamond radiator grille in high-gloss black

Exhaust system without visible tailpipe trim

Beltline trim strips in matt black

Door handles and bumpers painted in vehicle colour

Comfort suspension

INTERIOR HIGHLIGHTS

Seats upholstered in Venlo fabric

Honeycomb-look trim

3-spoke multifunction steering wheel with twelve function buttons

Roof liner in crystal grey fabric

Air conditioning

Audio 5 USB

Astonishingly stylish. The Style equipment line.

The Style design and equipment line emphasises the individual character of the car – with 10-spoke light-alloy wheels, sports seats with a specific seat upholstery layout, a black diamond radiator grille with a louvre in the vehicle colour and chrome insert plus a chrome-plated trim strip on the front bumper.

EXTERIOR HIGHLIGHTS

10-spoke light-alloy wheels with 205/55 R 16 tyres (some models have

10-spoke light-alloy wheels with 225/45 R 17 tyres)

Diamond radiator grille in high-gloss black, louvre painted in vehicle colour with chrome insert

Beltline trim strip in chrome

Chrome-plated trim strip in the front bumper

INTERIOR HIGHLIGHTS

Sports seats with upholstery in ARTICO man-made leather/Messancy fabric with highlights in green or red and contrasting topstitching

Seat Comfort package, including adjustable seat length

Honeycomb-look trim

Air outlets with surround and cruciform nozzle in silver chrome

High-gloss black light switch with ring in silver chrome

Cover on stowage compartment in centre console

Multifunction holder in the centre console

Black roof liner (optional: grey)

Inspiringly progressive. The Urban equipment line.

The Urban design and equipment line underscores the car's sportiness – for example with 5-twin-spoke light-alloy wheels, sports seats, chrome-plated tailpipe trim elements and a black diamond radiator grille with a silver-coloured louvre and chrome insert.

EXTERIOR HIGHLIGHTS

5-twin-spoke light-alloy wheels with 225/45 R 17 tyres

Diamond radiator grille in high-gloss black, louvre painted in silver colour with chrome insert

Twin-pipe exhaust system with chrome-plated tailpipe trim

Beltline trim strip in chrome

Chrome-plated trim strip in the front and rear bumpers

INTERIOR HIGHLIGHTS

Sports seats upholstered in ARTICO man-made leather/Larochette fabric with contrasting topstitching

Seat Comfort package, including adjustable seat length

Chequerboard-look trim

Air outlets with surround and cruciform nozzle in silver chrome

3-spoke leather multifunction steering wheel, with perforated grip areas and twelve function keys, and contrasting topstitching

Tube-look instrument cluster with round dials in chequered-flag look and red needles

Thrillingly dynamic. The AMG Line.

Powerful AMG bodystyling. AMG light-alloy wheels. Brushed stainless steel sports pedals with rubber studs. Lowered sports suspension. This is what high performance looks like today. Have you trained well enough for it?

EXTERIOR HIGHLIGHTS

- AMG bodystyling with front and rear apron plus side sill panels
- AMG 5-twin-spoke light-alloy wheels, painted titanium grey with a high-sheen finish, with 225/40 R 18 tyres
- Diamond radiator grille with pins in chrome, silver-painted louvre with chrome insert
- Twin-pipe exhaust system with chrome-plated tailpipe trim
- Lowered sports suspension (optional: lowered comfort suspension)
- Sports Direct-Steer system
- Perforated front brake discs
- Brake callipers with "Mercedes-Benz" lettering

INTERIOR HIGHLIGHTS

- Sports seats upholstered in ARTICO man-made leather/DINAMICA microfibre with red contrasting topstitching
- Carbon-fibre-look trim
- DYNAMIC SELECT
- 3-spoke multifunction sports steering wheel in leather with flattened bottom section
- Tube-look instrument cluster with round dials in chequered-flag look and red needles
- Air outlets with surround and cruciform nozzle in silver chrome
- Seat Comfort package, including adjustable seat length
- Brushed stainless steel sports pedals with rubber studs

Exclusive package.

Comfort, quality and design at an exclusive level. High-grade interior appointments are combined with style. The heated sports seats with 4-way lumbar support and seat cushion length adjustment, the multifunction steering wheel and the shift lever are trimmed in leather, while the dashboard and door centre panels are finished in matching ARTICO man-made leather. Contrasting topstitching and design elements in silver chrome add exclusive highlights. Practical details such as the multifunction holder, the convenience central locking system and the 12V socket in the rear complete the package.

AMG Exclusive package.

Maximum exclusivity, individuality and sportiness. Based on the AMG Line or the Mercedes-AMG A 45 4MATIC, this equipment package includes heated sports seats with 4-way lumbar support and seat cushion length adjustment, upholstered in distinctive black RED CUT leather. The dashboard and the door centre panels are finished in matching ARTICO man-made leather. The multifunction sports steering wheel with a flattened bottom section, perforations in the grip area and twelve control buttons underscores the sporty character, which is further emphasised by the red contrasting topstitching on all elements.

Night package.

Black, sporty, expressive. Featuring distinctive exterior equipment and selected design elements in black, the Night package allows even more pronounced individualisation based on the Style, Urban or AMG Line design and equipment lines. The light-alloy wheels with a high-sheen finish, the beltline trim strips plus the trim strip in the lower section of the front bumper (Style and Urban design and equipment lines) and rear bumper (Urban design and equipment line) are finished in sparkling high-gloss black. In conjunction with the AMG Line the front splitter is also finished in high-gloss black. Heat-insulating dark-tinted glass from the B-pillar onwards shields the interior from prying eyes and impressively underscores the car's sporty character.

Optional extras.

There are countless possibilities for making the A-Class your own. From small details that add special touches to comfort features which until recently were still the reserve of the luxury segment. Take your time to browse around – in this brochure, by reference to the price list or online. You can configure the A-Class just how you want it at

www.mercedes-benz.com

The Light and Sight package further enhances the high-class appeal and optimises visibility. The optionally available **ambient lighting** is a further highlight. You can choose from twelve colours to set just the right mood.

With its large glazed area, the **panoramic sliding sunroof** ensures a particularly bright and welcoming ambience in the interior. It comprises an electrically operated glass sliding sunroof for individual ventilation of the interior and a mesh wind deflector.

In addition to their distinctive visual appeal, the **LED High Performance headlamps** boost night-time driving safety thanks to broad light distribution, a daylight-simulating colour temperature and low energy consumption.

This equipment option includes the “Coming Home” function: a light show that greets the driver during the unlocking procedure.

With twelve loudspeakers, including a woofer, and a 9-channel DSP amplifier the 450-watt **Harman Kardon® Logic 7® surround sound system** for a pristine listening experience.

The car can be conveniently opened, started and locked with the **KEYLESS GO** drive authorisation system – all the driver has to do is carry the electronic key.

Reverse parking and manoeuvring is considerably easier and safer using the **reversing camera**. It is switched on automatically when the driver selects reverse gear, and shows the driver the area behind the car with dynamic guide lines on the media display.

Genuine accessories.

The A-Class leaves hardly anything to be desired. And for those extra special wishes there are genuine accessories. These cover almost every conceivable need for more pleasant and individual motoring. Each accessory product has been developed specifically in line with the high Mercedes-Benz quality standards.

The **roof spoiler** makes the roof appear longer and lends the car a more dynamic and sporty look at the rear. Furthermore, a high quality base coat makes the paint finish in the desired colour possible.

The **rear trim strip** in realistic "Carbon Style" and individually dynamic 3D depth effect emphasise the car's dynamic appearance.

5-twin-spoke **light-alloy wheels**, painted black with red rim flange, with 225/40 R 18 tyres (code A246 401 0600 9Y23, see detailed top picture).

5-twin-spoke **light-alloy wheels**, painted black with high-gloss rim flange, with 225/40 R 18 tyres (code A246 401 0600 7X72, see detailed picture bottom left).

5-triple-spoke **light-alloy wheels**, painted black with a high-sheen finish, with 225/40 R 18 tyres (code A246 401 2202 7X23, see detailed picture bottom right).

Wheels.

Wheels are indispensable on technical grounds, of course. But on an emotional level, too, perfect wheels are an absolutely crucial ingredient of many people's dream car. So we have compiled a particularly broad selection for you.

STANDARD EQUIPMENT AND OPTIONAL EXTRAS

- R78 5-twin-spoke light-alloy wheels, painted black with a high-sheen finish, with 205/55 R 16 tyres
- R15 5-twin-spoke light-alloy wheels, painted himalayas grey, with 225/45 R 17 tyres
- R48 5-twin-spoke light-alloy wheels, painted himalayas grey with a high-sheen finish, with 225/45 R 17 tyres

- R69 5-spoke light-alloy wheels, painted black with a high-sheen finish, with 225/45 R 17 tyres
- R38 5-twin-spoke light-alloy wheels, painted black with a high-sheen finish, with 225/40 R 18 tyres
- 52R 5-spoke light-alloy wheels, painted black with a high-sheen finish, with 225/40 R 18 tyres

AMG

- 612 AMG 5-twin-spoke light-alloy wheels, painted black with a high-sheen finish, with 225/40 R 18 tyres
- 791 AMG multi-spoke light-alloy wheels, painted titanium grey with a high-sheen finish, with 225/40 R 18 tyres

646 AMG multi-spoke light-alloy wheels, painted black with high-sheen rim flange, with 225/40 R 18 tyres

774 AMG 5-spoke light-alloy wheels, painted black with a high-sheen finish, with 235/40 R 18 tyres

637 AMG 5-twin-spoke light-alloy wheels, painted black with a high-sheen finish, with 235/40 R 18 tyres

693 AMG multi-spoke light-alloy wheels, painted black with a high-sheen finish, with 235/35 R 19 tyres

638 AMG cross-spoke light-alloy wheels, painted titanium grey with a high-sheen finish, with 235/35 R 19 tyres

99R AMG cross-spoke light-alloy wheels, painted matt black with high-sheen rim flange, with 235/35 R 19 tyres

780 AMG multi-spoke light-alloy wheels, painted titanium grey with a high-sheen finish, with 235/35 R 19 tyres

787 AMG multi-spoke light-alloy wheels, painted matt black with high-sheen rim flange, with 235/35 R 19 tyres

YOU CAN FIND FURTHER INFORMATION

on the wheels and their availability plus on the Mercedes-Benz Genuine Accessories from your authorised Mercedes-Benz dealer or at www.mercedes-benz-accessories.com

⁶ Figures for the kerb weight according to Directive 2007/46/EC in the currently applicable version (kerb weight with fuel tank 90% full, driver, 68 kg, and luggage, 7 kg) for standard-specification vehicles. Optional extras and accessories will generally increase this figure and reduce the payload capacity accordingly. Figures in square brackets refer to engines in conjunction with the optional automatic transmission. You can find further technical data at www.mercedes-benz.com
