The C-Class. The best knows no alternative.

We have built a saloon which embodies refined sportiness with its design idiom featuring flowing, clear-cut lines. And with the estate we have designed a yet more spacious interior to offer you even greater scope. Revise your expectations and be prepared to experience a new dimension of refined motoring.

THE BEST IN EVERY FORMAT.

Experience the C-Class in glorious HD. With the Mercedes-Benz brochure app for the iPad® and with the Digital Owner's Manual from "Mercedes-Benz Guides" for the iPhone®. Both apps feature a host of films and additional content and are available free of charge from the iTunes Store®.

A unique appearance in every guise:

**2 | Mercedes-Benz C 250 Saloon

A new style of leadership.

We have given lightness new weight. With a high proportion of aluminium components and ultra-high-strength materials, the body of the C-Class is light while at the same time offering high levels of safety. And we have made power a more economical proposition. With state-of-the-art, agile engines which consume less and emit fewer emissions. This is how the C-Class, equipped with intelligent chassis technology, deploys its impressive driving dynamics. It takes aesthetic motion to a new level.

A sense of direction.

The C-Class can keep its distance and maintain its course as and when necessary, keeping a watchful eye on both the approaching traffic behind and the pedestrians ahead at the next junction. It can assist the driver with braking when it really matters. And issue an alert if it detects driver drowsiness. This is the C-Class with Mercedes-Benz Intelligent Drive. Innovative – in some cases optional – driving assistance systems provide the driver with more comprehensive support than ever.

AIRMATIC

The optional air suspension system pampers the car's occupants with exemplary ride comfort. This is made possible by continuously variable dampers, which can automatically adapt to every driving situation. The driver can also select sporty tuning, if desired. Maximum

refinement at all times, even when carrying a heavy load, thanks to pneumatic level control. Smart aerodynamics: when travelling at high speed, the C-Class lowers itself to reduce wind resistance and increase driving stability.

Not just a pretty face.

Elegant and intelligent. The front of the C-Class is an exciting mix of elegant design and innovative Mercedes-Benz technology, such as the inimitable look of the Intelligent Light System's optional LED headlamps. They welcome the driver with blue light even as the driver unlocks the car and during the journey they become a source of intelligent light technologies.

A whole new universe.

Perfectly adapted to human ergonomics, fully linked up to the digital world: with Mercedes connect me the driver, car and personal lifeworld become one exciting whole. You have recourse to online-based services which automatically help you in an emergency. Check important vehicle data via optional Remote Online remote control and find your parked C-Class in a foreign city with ease via smartphone. You will be amazed at what is now possible.

A study in supremacy.

Supremacy is absolute when it is all-pervasive. In an enthralling design. In innovative technology which translates into an incomparable feeling behind the wheel. And in an interior that surpasses your expectations. Discover motoring refinement supreme: the C-Class Estate.

Sleek supremacy.

The C-Class offers impressive dynamism – every inch of the way and from any angle, boasting cutting-edge chassis technologies such as the optional AIRMATIC Agility package as well as elegant design solutions. Just consider the roof rails on the estate model – how they follow the vehicle’s elegant lines to harmonious perfection. For less wind resistance and added dynamism that is immediately apparent.

Indulge your senses.

TOUCHPAD

Gestures are the most primeval form of communication. Concise and unambiguous. As if made for motoring. Because one thing above all deserves your attention whilst you're driving: the traffic around you. One or two gestures with your fingers – a quick swipe or splay – is all the touchpad integrated in COMAND Online with multitouch sensor system needs to understand what you want. It can even decipher the letters and numbers in your handwriting. The touchpad in the C-Class enables all the functions of the infotainment system to be operated via gestures alone.

Its origins are written all over its face.

The front section of the C-Class in the EXCLUSIVE Exterior line with the star on the bonnet: unmistakably a Mercedes-Benz. The technology behind the striking front is equally characteristic of the brand: the shutter on the selenite grey AIRPANEL which is optionally available with the EXCLUSIVE Exterior opens and closes via an ingenious mechanism. This optimises the aerodynamics as necessary and thus cuts the fuel consumption.

Out and about in a special place.

The image shows the rear passenger compartment of a Mercedes-Benz C-Class Estate. The interior is finished with dark leather seats featuring horizontal stitching on the backrests. A center console with a gear shifter and handbrake is visible. The rear door panel has a silver handle and a speaker. The window looks out onto a desert landscape with a saguaro cactus and a building at dusk.

Space is luxury. A luxury to be enjoyed in abundance in the C-Class Estate. With even more room in the rear for high seating comfort. And with even more freedom and flexibility. Thanks to a seat backrest split in a 40/20/40 ratio, for example, which can be conveniently folded down from the luggage compartment.

In a league of its own: Mercedes-Benz C 450 AMG 4MATIC.

You can literally feel the forwards thrust of the new Mercedes-Benz C 450 AMG 4MATIC. Even at first glance it is clear that it is part of the unique AMG family. Its exterior is characterised by the powerful design of the AMG bodystyling – for instance through the strikingly sporty front and rear apron and side skirts. The diamond radiator grille reinforces the athletic impression. A further indication of its heritage is the special “AMG” badge on the front wings. The crowning glory of the muscular look comes in the form of the two chromed twin tailpipe trims. So the new AMG Sport model cuts a well-honed figure, right down to the last detail.

Thrilling vital statistics.

The attractive point of entry to the world of AMG: the new Mercedes-Benz C 450 AMG 4MATIC combines a 270 kW (367 hp) 3.0-litre V6 biturbo engine with the AMG performance 4MATIC permanent all-wheel drive and the sophisticated AMG chassis technology. With peak torque of 520 newton metres the new V6 engine sets benchmarks in its segment. For thrilling driving dynamics 33 percent of the engine power flows to the front axle, and 67 percent to the rear axle. Acceleration from 0 to 100 km/h in 4.9 seconds¹ is yet another strong statement. And all this with combined fuel consumption of 7.9–7.6 litres per 100 kilometres².

¹ Estate in 5.0 seconds. ² Estate 7.9–7.7 litres per 100 kilometres.

D S C 634

The thrust of the matter.

The Mercedes-AMG C 63 S is a byword for adrenaline rush. In its AMG 4.0-litre V8 biturbo engine eight cylinders pump away to their hearts' content. One step on the accelerator and you understand why the passenger compartment is called a cockpit: in 4.0 seconds¹ from 0 to 100 km/h – that's not just acceleration, it's a challenge to the very laws of physics. And as befits a true AMG, the exterior's looks and functionality conjure up an irresistible combination – you just have to climb aboard and put this 375 kW (510 hp) strong power package on the road.

¹ Estate in 4.1 seconds.

Follow the leader's call.

Centrifugal force tamed: where driving dynamics are concerned there is innovation after innovation in the Mercedes-AMG C 63 S. And they are literally in your hands thanks to the AMG DYNAMIC SELECT Switch: the AMG RIDE CONTROL sports suspension with adjustable adaptive damping in three stages, two dynamic engine mounts and the electronic rear axle differential lock defer completely to your demands – from extremely sporty to pleasantly comfortable. With five transmission modes full of character, you're spoilt for choice – just follow your instinct. Or its call.

¹ Not available in conjunction with Rear Seat Entertainment System.

Breathtaking view! Of the cockpit.

More than one reason to take a second look: the Mercedes-AMG C 63 S also impresses in the interior with its defined sportiness – from the optional AMG performance seats¹ for optimum lateral support to the AMG performance steering wheel with aluminium shift paddles. It is almost a shame that during the journey you can so seldom focus your attention on the exclusive details inside the car. Maybe a reason to let your front passenger get behind the wheel from time to time. But only maybe.

Our next great innovation revolves around you.

Prepare to be inspired, surprised and thrilled by new services, products and experiences at www.mercedes.me. You are also warmly invited to check out our Mercedes me stores in major cities such as Hamburg, Milan, Tokyo or Hong Kong.

Mercedes me. Welcome to your Mercedes-Benz world.

You have new questions, Mercedes-Benz has a new answer for you: Mercedes me. Your point of access to a fascinating world of personalised services from Mercedes-Benz. Offering innovative, individualised mobility, connectivity, finance and other services, as well as special brand experiences. All subject to continual development. Innovative, simple and cutting-edge: www.mercedes.me

Join us – on your smartphone, tablet or PC. And let's shape tomorrow's world together. Any time, anywhere.

Mercedes connect me is all about networking the vehicle with the driver – and more besides: the car is becoming part of the way we live, providing added comfort as well as the reassurance of being permanently connected, even while on the move. Mercedes connect me includes Standard Services, which are able to provide you with automatic support in the event of a breakdown or an accident, and Remote Online Services – the option enabling vehicle settings to be carried out by smartphone.

Mercedes finance me offers you various routes to your vehicle of choice. Mercedes-Benz Financial Services finds the ideal leasing, financing and insurance solution together with you – tailored to your needs. Our leasing products enable you to drive the latest models at all times while enjoying maximum flexibility, as you pay not for acquisition of the vehicle, but only for its use. You also benefit from attractive monthly instalments. Our financing arrangements enable you to pay for your new Mercedes-Benz in a way that suits your personal budget. You can tailor your monthly instalments to your needs by deciding on an appropriate down-payment and term for your contract. Our individual insurance solutions offer reliable protection for your budget and your vehicle on attractive terms.

Mercedes inspire me offers special brand experiences and an opportunity to engage in an inspiring dialogue. We aim to share our ideas with you and we would like to know your ideas and wishes. So that we can always offer you the best solutions. A community is available to this end, and you will also find a growing range of offerings and experiences which go beyond the traditional vehicle-related topics – from areas such as events, travel and lifestyle.

Mercedes move me offers access to the intelligent mobility solution moovel: this mobility app pools the offerings from various mobility providers to find the ideal route from A to B. car2go is the pioneer and market leader worldwide in free-floating car sharing, and car2go black stands for smartphone-based car sharing with Mercedes-Benz B-Class vehicles. With the mytaxi app you can order a taxi, track its approach live and pay for your journey in a convenient manner.

Mercedes assist me makes easy work of organising maintenance for your vehicle, providing a convenient online means of locating a Mercedes-Benz dealer in your neighbourhood and arranging a service appointment. The digital service report keeps you up to date on performed service work at all times. The report is available to you online just one day after a service. In addition to the current service report, you can also view your vehicle's complete service history and service intervals, and you can print this information out if you so wish.

**Mercedes-Benz
Service**

Our service: the perfect fit for your Mercedes.

Beyond the car itself, you also acquire something priceless – an exclusive partnership with Mercedes-Benz. For you, this means safety, independence and motoring free of any worries. In other words: the reassuring feeling of driving a Mercedes.

The best for your Mercedes. No-one knows your Mercedes better than our experienced specialists at the Mercedes-Benz workshops. The comprehensive range of services and the high standard of quality ensure that your vehicle is in top condition. We use tested Mercedes-Benz GenuineParts and special tools to this end.

The best for you. Motoring free of any worries right from the word go: with the tailor-made Mercedes-Benz Service Contracts. These offer you the benefits of a reliable basis for long-term planning, permanent control over costs, fixed monthly rates and cost transparency. Plus ideal protection from additional workshop costs.

The best for your mobility. The Mercedes-Benz Mobilo¹ insurance package provides for motoring free of any worries throughout Europe – covering breakdowns, accidents, minor mishaps and vandalism. The benefits offered by Mobilo include on-the-spot assistance, a replacement vehicle, towing and overnight hotel accommodation, for example. This mobility guarantee is automatically on board for the first two years after initial registration, and can subsequently be renewed for a period of up to 30 years in all. Whenever you need assistance, you can reach us free of charge throughout Europe on 00800 1 777 7777².

↘ FIND OUT MORE

For the full information on Mercedes-Benz Service Contracts, go to www.mercedes-benz.com/servicevertraege – or ask your authorised Mercedes-Benz dealer to draw up an individual offer for you.

¹ Our general terms and conditions apply. The period of validity is extended after each service carried out by an authorised Mercedes-Benz service partner until the due date for the next service – up to a maximum of 30 years after initial registration. ² Roaming charges may apply when calling from abroad.

What would motorsport be without Mercedes-Benz?

The first vehicle ever to win an automobile race was powered by a Daimler engine. The first Mercedes was a racing car. The Silver Arrows – a true legend. Mercedes-Benz has a long tradition of involvement with the world of sport. Motorsport shapes the brand and every vehicle bearing the Mercedes star to this day. Discover the brand's unique history first-hand: at the Mercedes-Benz Museum in Stuttgart.

↘ FIND OUT MORE

Discover just what has been moving the world for almost 130 years and take a journey through time as well as through the history of the automobile at the Mercedes-Benz Museum. More than 1500 exhibits await you on 16,500 sqm of floor-space, including unique gems such as the oldest surviving Mercedes from 1902 or the legendary gull-wing models. Welcome to a place of innovation:

www.mercedes-benz.com/museum

What would Mercedes-Benz be without motorsport?

3 June 1934 marked the beginning of the Silver Arrows legend in the International Eifel Race at the Nürburgring. The Silver Arrows works team MERCEDES AMG PETRONAS continued this tradition in the 2014 Formula 1 season. Its successful involvement was crowned by the most impressive double victory of the season, with the team topping both the constructors' and the drivers' rankings. The team's successes are not restricted to the race track, however. Every mile raced also advances the development of hybrid technology for series production.

Driving a fresh approach to the use of energy.

Every one of the engines for the C-Class is already driven by one form of renewable energy: the power of innovation. BlueEFFICIENCY¹ is our vision of emission-free driving, which informs our approach down to the finest details. With the BlueTEC HYBRID technology in the C 300 h, the C-Class offers an intelligent and efficient drive configuration. At its heart is the hybrid module, consisting of a 4-cylinder diesel engine, a compact electric motor, the automatic transmission 7G-TRONIC PLUS and a powerful lithium-ion high-voltage battery. This stores the energy generated during the braking process and captured by the recuperative braking system and makes it available again when needed. Ensuring powerful acceleration, less consumption and exemplary emission values.

And it gets even better: with the PLUG-IN HYBRID technology in the C 350 e an even more efficient combined engine system is available. Here an electric motor and a 4-cylinder petrol engine are connected to the drive system. With this configuration, however, there is the alternative option of charging the car's battery at a power outlet, in addition to recuperation. The larger battery enables longer journeys to be undertaken in all-electric mode – entirely free of local emissions.

The models running exclusively on petrol and diesel are also economical and pioneering. In the case of the petrol engines, various measures, such as the combination of exhaust gas turbocharging with direct injection and an enhanced combustion process reduce both fuel consumption and emissions. And where the models with diesel engines are concerned, it has been possible to minimise nitrogen oxide emissions by cutting them by up to 90 percent by means of the cutting-edge BlueTEC exhaust gas after-treatment concept. It goes without saying that all C-Class cars also meet the stringent requirements of the Euro 6 emission class.

The engine technology. Part of a greater whole. The company that invented the car has a special responsibility. To reduce the impact on the environment, the C-Class therefore incorporates a raft of further measures: an ECO start/stop function and a gearshift recommendation function are included as standard, while special driving modes and route recommendation are available as optional extras, depending on the car's scope of equipment.

THE ENGINE RANGE

Diesel:

C 180 d with an output of 85 kW (116 hp)

C 200 d with an output of 100 kW (136 hp)

C 220 d 4MATIC with an output of 125 kW (170 hp)

C 220 d BlueEFFICIENCY Edition with an output of 120 kW (163 hp) (saloon only)

C 220 d with an output of 125 kW (170 hp)

C 250 d with an output of 150 kW (204 hp)

C 250 d 4MATIC with an output of 150 kW (204 hp)

C 300 h with an output of 150+20 kW (204+27 hp)

Petrol:

C 160 with an output of 95 kW (129 hp)

C 180 with an output of 115 kW (156 hp)

C 200 with an output of 135 kW (184 hp)

C 200 4MATIC with an output of 135 kW (184 hp)

C 250 with an output of 155 kW (211 hp)

C 300 with an output of 180 kW (245 hp)

C 350 e with an output of 155+60 kW (211+82 hp)¹

C 400 4MATIC with an output of 245 kW (333 hp)

C 450 AMG 4MATIC with an output of 270 kW (367 hp)

Mercedes-AMG C 63 with an output of 350 kW (476 hp)

Mercedes-AMG C 63 S with an output of 375 kW (510 hp)

¹ Further information is available at www.mercedes-benz.com/blueefficiency

² System output 205 kW (279 hp).

C 350 e

Strong back-up for the high-powered combination of electric motor and 4-cylinder petrol engine: a high-voltage battery enables an all-electric range of up to 31 kilometres – with a system output of 279 hp. **1** | 4-cylinder petrol engine. **2** | Electric motor. **3** | Hybrid transmission on the basis of 7G-TRONIC PLUS. **4** | Lithium-ion high-voltage battery. **5** | High-voltage lines with underbody protection. **6** | Regenerative braking system (covered). **7** | Electric refrigerant compressor.

7G-TRONIC PLUS. The command centre.

In addition to seven gears, the 7-speed automatic transmission offers excellent ride comfort, driving enjoyment and efficiency. The seven forward gears allow a wide ratio spread with low engine speed increments between the individual gears. This results in fast-response and fuel-saving gear changes with smooth transitions. Skipping individual gears allows multiple downshifts for powerful, fast bursts of speed. And the DYNAMIC SELECT Switch lets the driver preselect the gearshift characteristics. Steering-wheel gearshift paddles similar to the ones used in motorsport can be used to change gear.

SIX SPORTY STAGES

The **6-speed manual transmission** is perfectly tuned to the respective engine variant and ensures extreme ease of shifting, precise shift travel and a smooth gear change sequence. It also promotes fuel-efficient and comfortable motoring at low engine speeds.

↘ FIND OUT MORE

Please see pages 82/83 for the full technical data and availability of the transmission variants.

All set for customised motoring.

In conjunction with the optional **AIRMATIC Agility package** the intelligent chassis delivers the ultimate in refined motoring. The air suspension with continuously variable damping system operates fully automatically and transfers the damping force to each wheel intelligently and precisely. A flick of the **DYNAMIC SELECT Switch** is all it takes to apply a different type of power: individuality. Parameters such as the engine, transmission (only in the case of the 7G-TRONIC PLUS automatic transmission), suspension and steering characteristics are adjusted to suit the selected drive program. Four programs are available, or you can put together your own individual one – with an emphasis on fuel efficiency, comfort or agility. As its name suggests, “Sport+” places the emphasis firmly on sport – with more progressive steering characteristics, stiffer sports-tuned suspension and modified shift points.

TWO MORE FOR THE ROAD

AGILITY CONTROL suspension. This suspension with selective passive damping system ensures balanced ride comfort by optimising ride characteristics, damping effect and stabilisation according to the road surface conditions.

ESP® Dynamic Cornering Assist. Especially when accelerating on bends, the ESP®-based system ensures more stability and handling safety. If the ESP® sensors register, for instance, a tendency to understeer, it can reduce this tendency with targeted brake actuation on the inside wheels.

MERCEDES-BENZ INTELLIGENT DRIVE

A stereo camera, short- and long-range radars and all-round sensor systems form the basis for numerous driving assistance and safety systems in the C-Class.

1 | Stereo multi-purpose camera. 2 | Long-range radar with medium-range coverage. 3 | Short-range radar. 4 | Ultrasonic sensors. 5 | Multi-mode radar.

On the road to accident-free driving. Mercedes-Benz Intelligent Drive.

Mercedes-Benz Intelligent Drive assists when it matters. Attentively and in full control, without missing a thing. Intervening where necessary. Holding back where possible. This effortless superiority is part of the optional **Driving Assistance package Plus**: a combination of intelligent driving assistance and safety systems which help the driver and make driving tangibly easier. **DISTRONIC PLUS** with Steering Assist and Stop&Go Pilot helps you keep a safe distance from the vehicle in front and also stay in lane. **BAS PLUS** Brake Assist with Cross-Traffic Assist and **PRE-SAFE®**

Brake can reduce the risk of accidents at junctions, rear-end collisions and collisions with pedestrians, particularly in urban traffic. **Active Lane Keeping Assist** and **Active Blind Spot Assist** provide assistance if the vehicle leaves its lane unintentionally or during lane changes if there is a danger of collision with other vehicles. **PRE-SAFE® PLUS** extends the functions of the **PRE-SAFE®** occupant protection system with preventive measures when a rear impact threatens.

5

↳ FIND OUT MORE

The Driving Assistance package Plus is part of a bigger whole: Mercedes-Benz Intelligent Drive – our generic term for intelligent technologies that actively assist the driver and make driving easier. Find out more at www.mercedes-benz-intelligent-drive.com

Fascinating, elegant, intelligent.

The optional **LED Intelligent Light System** impresses with its unmistakable design, low energy consumption and more safety. The enhanced **main beam**, part of the optional Adaptive Highbeam Assist Plus, does not dazzle vehicles in front or oncoming traffic.

MORE LIGHT

The optional **Adaptive Highbeam Assist Plus** facilitates driving with main-beam headlamps on permanently, without dazzling other road users. As a result the best possible headlamp range is always available to the driver.

Also available as an optional extra, the **LED High Performance headlamps** enhance safety at night by distributing the light over a wide area with a light colour similar to daylight, with low energy consumption.

On the same level as you.

With the optional high-resolution **Head-up Display** you always have the most important information, such as the speed, speed limits or navigation instructions, in view, depending on the scope of equipment on board. For you it feels as though the display is floating two metres in front of your eyes above the bonnet. This ensures more safety, as you no longer have to take your eyes off the road. For more comfort a sensor adjusts the brightness of the display to the respective light conditions, and the driver can set the height of the display individually.

The reassuring feeling of driving a Mercedes-Benz.

Mercedes-Benz was the world's first automotive manufacturer to develop an **integral safety concept**. To prevent accidents, react as effectively as possible to danger and mitigate the consequences of accidents. For the occupants of a Mercedes-Benz as well as for other road users.

SAFE DRIVING

ATTENTION ASSIST, which comes as standard, can improve handling safety, especially on long journeys and at night. It can monitor the driver's steering behaviour to detect typical signs of drowsiness and severe loss of attention, and give a visual and acoustic warning of impending microsleep.

Active Lane Keeping Assist¹ can detect when the car leaves its lane unintentionally, warn the driver by making the steering wheel vibrate and actuate the brakes on one side to help manoeuvre the car back into its lane.

Vehicles in the blind spot – **Active Blind Spot Assist**¹ makes one of the greatest sources of danger in road traffic visible. For example, when the car changes lane, it can warn the driver and help prevent an imminent collision by applying the brakes on one side of the vehicle.

IN THE EVENT OF DANGER

COLLISION PREVENTION ASSIST PLUS, fitted as standard, is able to provide the driver with a visual warning if the distance to the vehicle in front is too short. On detecting a danger of a collision there is an acoustic warning, driver braking can be assisted and, if the driver fails to react, the speed can be reduced autonomously.

The **PRE-SAFE® system** offers optimum protection through preventive measures when there is the risk of an accident. To do this, it continuously evaluates sensor data from other systems, such as the Electronic Stability Program ESP® and BAS Brake Assist, and can identify scenarios such as heavy over-/understeer and emergency braking.

IN AN ACCIDENT

The rear section of the **active bonnet** can be raised if a pedestrian or cyclist collides with the front of the car. The increased clearance between the bonnet and engine compartment components creates additional deformation space to absorb an impact sooner and more softly, reduc-

ing the risk of injury. The car occupants can be protected by up to 9 airbags.

AFTER AN ACCIDENT

Every Mercedes-Benz is fully trained in first aid. If the worst comes to the worst, the engine can be stopped automatically, the hazard warning lights and emergency interior lighting can be activated, and the central locking can be unlocked. Finally, the **Mercedes-Benz emergency call system**, which is integrated as standard, (country-specific) can transmit GPS position data and important vehicle information. But hopefully that will never be necessary.

↳ BETTER SAFE THAN SORRY

Informative animated films covering nearly all of the safety technologies are available from the Mercedes-Benz TechCenter.

<http://techcenter.mercedes-benz.com>

WE ARE HERE TO HELP

Should you require assistance en route, you can call Mercedes-Benz Service24h free of charge on 00800 1 777 7777. When connected to a mobile phone, the integrated telematics service Mercedes-Benz Contact can even connect you to our after-sales service automatically as well as relaying relevant vehicle and position data.

¹ Part of the optional Driving Assistance package Plus.

All linked up.

Our innovative and individualised mobility, connectivity and services go by the name of Mercedes me. As part of this Mercedes-Benz world of experience, Mercedes connect me fully integrates driver, car and personal lifeworld. The standard-fit **Mercedes connect me** Standard Services such as the Mercedes-Benz emergency call system or Break-down Management offer immediate assistance. The Remote Online equipment prepares the vehicle for the use of further – separately available – Mercedes connect me services¹ such as the Parked Vehicle Locator. Remote Online is optionally available in conjunction with the standard Audio 20 USB multimedia system and an integral part of the optional COMAND Online multimedia system, which opens up the entire world of Mercedes connect me to you – including a browser, navigation with Live Traffic Information (free for three years) and numerous apps².

INFOTAINMENT HIGHLIGHTS AT A GLANCE

COMAND Online. Navigation, telephone, audio, video, internet – with the optional control and display system the driver is able to keep these and many other functions under control. And in view: high-resolution in colour on a 21.3 cm (8.4-inch) central display. Controlling the system using the touchpad with its multitouch sensor system is easy and intuitive.

Audio 20 CD with optional touchpad. This optional multimedia system combines entertainment, information and communication: internet, navigation, radio, twin tuner and CD drive. It also enables link-up with mobile devices via Bluetooth®. The Bluetooth® interface has a hands-free function and audio streaming for playing music files. In conjunction with a Bluetooth®-capable mobile phone with data option it is possible to browse the internet freely.

¹ The Mercedes connect me services are activated only in response to the user's express request (with the exception of Mercedes-Benz emergency call system and Live Traffic Information). ² The integrated Mercedes-Benz Apps are subject to change.

A sound proposition all round.

Take your seat and enjoy the optional **Burmester® surround sound system**. An exceptional sound experience comprising 13 high-performance loudspeakers, a 9-channel DSP amplifier and an output of 590 watts. Perfectly tuned electronic and acoustic components that turn the interior into a concert hall. Whether you are sitting in the front or the rear, the surround function creates a three-dimensional feel-good sound. The ultimate in musical enjoyment, even when driving at motorway speeds.

 Broadband speaker

 Tweeter

 Mid-range speaker

 Frontbass speaker

 Amplifier

Mellow feel-good ambience.

The optional **Interior Light package** creates a pleasant atmosphere inside the C-Class. Thanks to discreet indirect illumination of the front footwells and the handle recesses, and illuminated elements in the centre console. A useful feature: the rear reading lamp in the grab handle and the illuminated vanity mirror. The package is included as standard for the AVANTGARDE, EXCLUSIVE and AMG Interior line.

LET THERE BE LIGHT

Climb in and feel at home - with its pleasant, indirect light and illuminated door sill panels at the front, the optional **ambient lighting** creates an unrivalled sense of wellbeing throughout the entire interior. Three different colours and five dimming levels are available to create the desired lighting mood.

A climate with a special feel.

The large optional **panoramic sliding sunroof** ensures a light and friendly ambience. It consists of a fixed glass roof at the rear and an electrically operated sliding glass roof at the front. Two electrically operated sunblinds offer shade in bright sunlight. In the raised position, the glass roof automatically adjusts to three tilt positions to suit the vehicle speed. You can also take a breath of fresh air with the optional **AIR-BALANCE package**. For cleaning purposes and to reduce certain viruses, bacteria and spores, the air in the interior is enriched with negative oxygen ions. Incoming air is cleaned by two particulate matter activated charcoal filters. In addition to this you can choose from four high-quality fragrances which put in a subtle appearance and quickly fade when switched off.

THE PERFECT TEMPERATURE FOR ANY TEMPERAMENT

On hot days, the active ventilation function of the optional **clima-tised seats** rapidly cools the front seat surfaces to a pleasant temperature to ensure a well-balanced seat climate. The activatable seat heating ensures cosy warmth on demand.

The optional **THERMOTRONIC** automatic climate control system provides an individual on-board atmosphere of wellbeing with three climate zones and three airflow modes. The driver, front passenger and rear passengers can set preferred temperature and air distribution for their own seats.

A class setting.

The rear of the C-Class offers tangibly more comfort. The ergonomically shaped cushions and the generous knee- and legroom ensure relaxation every mile of the way. Comfortable and useful: the centre armrest in the optionally folding rear seats – standard in the estate – with a three-piece backrest offers a large stowage compartment and two cup holders.

COMFORTABLE AND SAFE WHILE ON THE ROAD

In conjunction with the optional **THERMOTRONIC** automatic climate control the **rear centre air outlets** and an **additional rear booster fan** with separately adjustable temperature and airflow bring a pleasant interior climate to the rear.

The **ISOFIX child seat attachment** with Top Tether allows simple, fast and safe attachment for optimum protection of the child in an accident. The Top Tether fastening points offer added safety by anchoring the child seat behind the rear head restraints.

FLEXIBLE FREEDOM

The C-Class Estate offers generous stowage space of up to 1510 litres. And thanks to the rear bench with a three-piece backrest it also offers impressive variability. The three elements can be folded in various variations. For transporting skis and snowboards, for example, the centre element can also be folded individually.

Load compartment manager.

The C-Class Estate not only offers a particularly large load compartment; it is perfectly organised, too. With its 40/20/40 split the rear seat bench with a three-piece backrest has a ratio offering flexibility which perfectly suits your activities. Whether it's a short trip to the mountains or a family outing to the sea, with a payload of up to 575 kilograms all destinations are open to you.

For convenient loading and unloading, the optional **EASY-PACK tailgate** opens and closes electromechanically at the simple push of a button. To prevent the door from bumping against any objects, it can be stopped in any position and its opening angle can be restricted.

INTELLIGENT SOLUTIONS FOR ENHANCED COMFORT

KEYLESS-GO Convenience package. The optional system conveniently opens, starts and locks the vehicle – all you have to do is carry the electronic key. The **HANDS-FREE ACCESS** function allows contactless, fully automatic opening and closing of the luggage compartment door.

EASY-PACK load compartment cover. This standard equipment provides protection in two ways. The EASY-PACK load compartment cover protects luggage from the sun and prying eyes. In addition, the EASY-PACK safety net protects the vehicle occupants from unsecured items in the load compartment.

Mercedes-Benz C 450 AMG 4MATIC exterior.

Characteristically AMG: confident design features such as the distinctive air intakes with diamond-design grilles in the front apron, or the rear apron with a diffuser insert in matt iridium silver convey how much power lies within.

EXTERIOR HIGHLIGHTS

Diamond radiator grille with chrome pins and an integral Mercedes star

AMG front apron with strikingly sporty air intakes featuring a diamond-pattern grille and trim in silver chrome

“AMG” badge on front wings

Exterior mirrors, shoulderline trim strip plus window surround in black

AMG side sill panels

AMG spoiler lip on boot lid in colour of car

AMG diffuser-look rear apron with insert in matt iridium silver trim

Twin tailpipe trims

AMG 5-spoke light-alloy wheels, black

AMG 5-twin-spoke light-alloy wheels, painted black or titanium grey and with a high-sheen finish (optional)

AMG multi-spoke light-alloy wheels, painted high-gloss black and with a high-sheen finish (optional)

Wheel hub cover with AMG emblem (available as an accessory)

Mercedes-Benz C 450 AMG 4MATIC interior.

The contoured AMG performance seats fit the driver and front passenger like a sporty tailor-made suit. They offer comfort on long journeys and provide effective support during dynamic cornering.

INTERIOR HIGHLIGHTS

Sports seats with specific AMG seat upholstery layout featuring upholstery in ARTICO man-made leather/DINAMICA microfibre with contrasting topstitching in red

AMG performance seats for driver and front passenger with more strongly contoured seat shape for greater lateral support, integral head restraints and "AMG" badge in seat backrests (optional)

3-spoke multifunction sports steering wheel in black nappa leather, with flattened bottom rim and red contrasting topstitching

Seat belts in designo red

AMG-style instrument cluster in sporty "chequered flag" design

Upper dashboard section and beltlines in black ARTICO man-made leather with contrasting topstitching in red

Brushed stainless steel AMG sports pedals with black rubber studs

Upholstery in black leather with contrasting topstitching in red and specific AMG seat upholstery layout or AMG Line leather upholsteries (optional)

Mercedes-Benz C 450 AMG 4MATIC technical details.

The strong heart of the new sports model, the 3.0-litre V6 biturbo engine, impresses with no less than 270 kW (367 hp) and a superb 520 newton metres of torque. And with the engine cover featuring a red “V” and aluminium insert it also clocks up points in visual terms. The ultra-modern drive system with the rear-biased performance all-wheel drive ensures maximum motoring pleasure.

OVERVIEW OF FEATURES

AMG RIDE CONTROL 3-stage sports suspension with the Adaptive Damping System

AMG performance 4MATIC permanent all-wheel drive with AMG-specific torque distribution of 33% to the front axle and 67% to the rear axle

4-link front axle with autonomous steering knuckles and supporting joints

Multi-link independent rear suspension

Automatic transmission 7G-TRONIC PLUS with shortened shift times

M button for direct selection of the manual shift mode

Sports braking system with larger brake discs, perforated at the front, front brake callipers with “Mercedes-Benz” lettering

AMG speed-sensitive sports steering

Sports exhaust system with a more sporty engine sound and two tailpipe trims in twin tailpipe design

Mercedes-AMG C 63 exterior.

The Mercedes-AMG C 63 exudes the predatory character of a beast of prey with its low radiator grille, powerdomes on the bonnet and twin louvre on the front apron: always ready for the next sprint through its territory – the roads of this world.

EXTERIOR HIGHLIGHTS

AMG radiator grille with twin louvre in matt iridium silver and “AMG” lettering

AMG front apron with front splitter and A-wing in colour of car, A-wing trim strip in matt iridium silver and large cooling air inlets with flaps in black for additional guidance of cooling air flows

AMG bonnet with powerdomes

LED High Performance headlamps

AMG front wing with “V8 BITURBO” lettering

AMG side sill panels

AMG spoiler lip on boot lid in colour of car

AMG rear apron with three diffuser fins and trim strip in high-gloss black

AMG Night package (option)

AMG Exterior Carbon-Fibre package I and II (option)

AMG 10-spoke light-alloy wheels, painted titanium grey with a high-sheen finish, with 245/40 R 18 front tyres and 265/40 R 18 rear tyres

AMG 5-twin-spoke light-alloy wheels, painted titanium grey and with a high-sheen finish, with 245/35 R 19 front and 265/35 R 19 rear tyres (option)

Mercedes-AMG C 63 interior.

The interior of the Mercedes-AMG C 63 lives up to what its exterior promises – pure sportiness, coupled with excellent design. From the centre console with an **IWC-design analogue clock** to the optional **AMG performance seats**¹ there are plenty of exclusive highlights in the interior equipment and appointments, too.

¹ Not available in conjunction with Rear Seat Entertainment System.

INTERIOR HIGHLIGHTS

Sports seats with optimised lateral support, AMG-specific seat upholstery layout and AMG badge in front seat backrests

Upholstery in ARTICO man-made leather/DINAMICA microfibre in black with contrasting topstitching in crystal grey

Upper dashboard section and beltlines in ARTICO man-made leather with contrasting topstitching in crystal grey

AMG performance steering wheel in black nappa leather, in 3-spoke design, with flattened bottom section, with perforated grip area

Nappa leather upholstery (option)

Interior Light package

AMG instrument cluster with large multifunction display and AMG main menu including RACETIMER

AMG door sill panels in brushed stainless steel, illuminated

AMG sports pedals in brushed stainless steel with rubber studs

Floor mats in black with “AMG” lettering

AMG carbon-fibre/light longitudinal-grain aluminium trim

Mercedes-AMG C 63 technical details.

Performance, dynamism and efficiency – this is what the Mercedes-AMG C 63 stands for. Its **AMG 4.0-litre V8 biturbo engine** boasts an output of 350 kW (476 hp) and 650 Nm of torque. Its fuel consumption of only 8.2 litres¹ per 100 km is similarly impressive. This is almost a third less than its predecessor.

The high-performance engine is built entirely by hand at the Affalterbach engine “Manufaktur” based on the traditional AMG “one man, one engine” philosophy – which is clearly evident on the AMG engine badge bearing the signature of the AMG technician responsible.

OVERVIEW OF FEATURES

AMG SPEEDSHIFT MCT 7-speed sports transmission with five transmission modes, double-declutching and Race Start function

AMG speed-sensitive sports steering, 3-stage

AMG RIDE CONTROL sports suspension with adjustable adaptive damping

AMG front axle with independent steering knuckles, wheel bearings and AMG-specific elastokinematics

AMG rear axle with independent hub carriers, wheel bearings and

AMG-specific elastokinematics

AMG mechanical rear axle differential lock

AMG sports exhaust system with sound control and two chrome-plated twin tailpipes

¹ Estate with 8.6–8.4 litres.

Mercedes-AMG C 63 S.

Sporty to the max: the Mercedes-AMG C 63 S. With the AMG 4.0-litre V8 engine, 375 kW (510 hp) and 700 Nm the saloon accomplishes the feat of 0 to 100 km/h in 4.0 seconds – the estate in 4.1 seconds. Running on just 8.4–8.2 litres¹ of fuel per 100 km, the Mercedes-AMG C 63 S combines sporty performance with fuel efficiency. And new standards are set for driving dynamics, too: the electronically controlled AMG rear axle differential lock improves both traction and driving stability. Not only does this benefit agility and motoring pleasure – vehicle handling also becomes noticeably more precise.

OVERVIEW OF FEATURES

AMG high-performance compound braking system with brake callipers painted red

AMG cross-spoke forged wheels, painted matt black and with rim flange in high-shine finish, with 245/35 R 19 tyres at the front and 265/35 R 19 tyres at the rear (option)

AMG DYNAMIC SELECT Switch to select the AMG transmission modes Comfort, Sport, Sport+, Race and Individual

Dynamic AMG engine mounts

Electronic AMG rear axle differential lock

AMG radiator grille with silver-chrome twin louvre and "AMG" lettering

Upholstery in ARTICO man-made leather/DINAMICA microfibre in black with contrasting trim strips in crystal grey

AMG performance 3-spoke steering wheel in nappa leather/DINAMICA microfibre in black

¹ Estate 8.6–8.4 litres.

AMG Performance Studio.

In order to emphasise the sportiest side of the Mercedes-AMG C 63 to an even greater extent, the AMG Performance Studio offers a wide range of individually selectable optional extras.

THE HIGHLIGHTS AT A GLANCE

AMG performance exhaust system, selectable, with three exhaust flaps for maximum sound or a restrained soundscape

AMG ceramic high-performance compound brake system with compound brake discs measuring 402 x 39 mm at the front and integral brake discs measuring 360 x 26 mm at the rear and also specially painted brake callipers with "AMG Carbon Ceramic" lettering

AMG Driver's package offers an even more agile driving feel by raising the top speed to 290 km/h² and including driver training at the AMG Driving Academy

AMG Night package with expressive design elements painted in high-gloss black and two black chromed twin tailpipe trims

AMG Exterior Carbon-Fibre package I and II with sporty details in carbon fibre from the side sill panel to the exterior mirrors

AMG performance seats³ with more pronounced contours for enhanced lateral support and integral head restraints

Single- or two-tone nappa leather upholstery

AMG 5-twin-spoke light-alloy wheels, painted titanium grey and with a high-sheen finish, with 245/35 R 19 (front axle) and 265/35 R 19 (rear axle) tyres

AMG cross-spoke forged wheels, painted titanium grey and with a high-sheen finish, with 245/35 R 19 (front axle) and 265/35 R 19 (rear axle) tyres

AMG cross-spoke forged wheels, painted matt black and rim flange with a high-sheen finish, with 245/35 R 19 (front axle) and 265/35 R 19 (rear axle) tyres

²Estate 280 km/h. ³Not available in conjunction with Rear Seat Entertainment System.

Special. The standard equipment.

The C-Class – pure Mercedes-Benz. With the Mercedes star integrated in the radiator grille and a wealth of high-class equipment.

↘ FIND OUT MORE

As alluring as this overview may be, it only provides an initial impression. The full range of standard equipment can be found in the price list, which can also be viewed online.

EXTERIOR HIGHLIGHTS

- AGILITY CONTROL suspension with selective damping system
- Sports grille with integral Mercedes star and two louvres in matt iridium silver
- Rear bumper with insert in black diffuser-look grain finish
- Beltline trim strip in polished aluminium
- Roof rails black (estate)

INTERIOR HIGHLIGHTS

- Seats upholstered in Aberdeen fabric
- Piano-lacquer-look trim
- 3-spoke multifunction steering wheel in black leather
- Dashboard, nozzle rings and buttons in black
- Roof liner in crystal grey fabric
- Front door sill panels with “Mercedes-Benz” lettering

Extravagant. The AVANTGARDE design and equipment line.

The expressive nature of the C-Class AVANTGARDE is immediately apparent. It is remarkably different and unique, featuring chrome inserts and a chromed trim.

EXTERIOR HIGHLIGHTS

5-twin-spoke light-alloy wheels painted in himalayas grey, with 225/50 R 17 tyres

AGILITY CONTROL suspension with selective damping system and lowered chassis

Sports grille with integral Mercedes star and two louvres in matt iridium silver with chrome inserts

Window surround and beltline trim strip in polished aluminium

Chrome trim in bumpers and side skirts

Roof rails in polished aluminium (estate)

INTERIOR HIGHLIGHTS

ARTICO man-made leather/Norwich fabric upholstery with exclusive seat upholstery layout

Light longitudinal-grain aluminium trim

3-spoke multifunction steering wheel in black nappa leather

Upper dashboard section in black, lower section in black or silk beige

Instrument cluster with tube-shaped circular instruments and frame in silver chrome

Roof liner available in crystal grey or porcelain fabric (black optionally available)

Interior Light package

Confidently stylish. The EXCLUSIVE design and equipment line.

An aura of sophisticated luxury whichever way you look at it. With stylishly matched equipment and appointments as well as high-quality materials.

EXTERIOR HIGHLIGHTS

Multi-spoke light-alloy wheels painted in vanadium silver, with 225/50 R 17 tyres

AGILITY CONTROL suspension with selective damping system

Classic style with Mercedes star on the bonnet, the luxury grille with chrome element, rear louvres high-gloss black

Window surround and beltline trim strip in polished aluminium

Chrome trim in bumpers and side skirts

Roof rails in polished aluminium (estate)

INTERIOR HIGHLIGHTS

ARTICO man-made leather/DINAMICA microfibre/Nottingham fabric upholstery with exclusive seat upholstery layout

High-gloss light brown linestructure lime wood trim

3-spoke multifunction steering wheel in nappa leather in appointments colour

Upper dashboard section and beltlines in ARTICO man-made leather with contrasting topstitching

Instrument cluster with tube-shaped circular instruments and frame in silver chrome

Interior Light package

Superbly conditioned. The AMG Line.

AMG. The sportiest abbreviation for dynamic design. The powerful AMG Line with the striking AMG bodystyling cuts a fine figure from any angle.

EXTERIOR HIGHLIGHTS

AMG 5-spoke light-alloy wheels, painted titanium grey with a high-sheen finish, with 225/45 R 18 front tyres and 245/40 R 18 rear tyres

Lowered sports suspension and Sports Direct-Steer system

AMG bodystyling, comprising AMG front apron with distinctively sporty air intakes with diamond-pattern lattice and chrome trim, AMG side sill panels, AMG diffuser-look rear apron with insert in vehicle colour

Exhaust system with two visible tailpipe trim elements integrated into the bumper

Window surround and beltline trim strip in polished aluminium

Roof rails in polished aluminium (estate)

INTERIOR HIGHLIGHTS

Sports seats upholstered in black ARTICO man-made leather, seat and backrest contact areas perforated for contrast

Light longitudinal-grain aluminium trim

3-spoke multifunction sports steering wheel with flattened bottom section, black nappa leather, with heavily perforated grip areas

Roof liner in black fabric and Interior Light package

AMG brushed stainless steel sports pedals

Alluring. The Night package.

With selected design elements in black, the Night package underscores the sporty, expressive character of the C-Class.

OVERVIEW OF FEATURES

5-twin-spoke light-alloy wheels, painted high-gloss black and with a high-sheen finish, with 225/50 R 17 tyres (in conjunction with AVANTGARDE exterior)

AMG 5-spoke light-alloy wheels, painted high-gloss black and with a high-sheen finish, with 225/45 R 18 and 245/40 R 18 tyres (in conjunction with AMG Exterior line)

Front bumper with wing in black (in conjunction with AVANTGARDE exterior)

AMG front apron with trim in high-gloss black (in conjunction with AMG Exterior line)

Sports grille with integral Mercedes star and two louvres in high-gloss black with chrome inserts

Side skirts with chrome inserts in high-gloss black (in conjunction with AVANTGARDE exterior)

Heat-insulating dark-tinted glass starting from the B-pillar

Exterior mirrors painted in high-gloss black (in conjunction with obsidian black metallic, painted in vehicle colour)

Beltline trim strip and window weatherstrip in high-gloss black

Roof rails black (estate)

Chrome trim in the diffuser painted high-gloss black (in conjunction with AVANTGARDE exterior)

AMG diffuser-look rear apron with insert in high-gloss black (in conjunction with AMG Exterior line)

Genuine accessories.

The best knows no alternative. This also applies to the Mercedes-Benz Genuine Accessories. Individualise your C-Class totally in accordance with your wishes.

THE HIGHLIGHTS AT A GLANCE

The **rear spoiler** accentuates the spoiler lip on the tail end of the C-Class Saloon. The high-quality base coat makes the paint finish in the desired colour possible. Excellent durability thanks to precision-mounted, resilient polyurethane. Easy to fit, no additional drilling required. An entry in the vehicle documents is not required. Available only for the saloon.

From elegant to distinctive or sporty, style your C-Class just as you wish. For example with the **5-spoke light-alloy wheels**, painted tremolite metallic and with a high-sheen finish, with 225/50 R 17 tyres.

A sporty, distinctive look comes courtesy of the **front apron spoiler lip**. It emphasises the width of the vehicle and lowers the visual focus at the front end. To be painted in desired colour by your authorised Mercedes-Benz dealer. No entry is required in the vehicle documents.

Especially eye-catching: the **illuminated Mercedes star** for the radiator grille and the **illuminated door sill panels** with white "Mercedes-Benz" lettering.

The **KIDFIX child seat** is the ideal place for the youngest passengers aged around 3.5 to 12 years. Optimum side impact protection thanks to the seat booster and adjustable backrest.

The **multifunction aluminium support** serves as a basis for the Mercedes-Benz roof boxes, the ski and snowboard racks or the cycle rack.

Elegant. The designo Luxury package.

The exclusive interior in **designo saddle brown nappa leather** radiates stylish elegance. High-quality details such as the recurring **diamond design with beige contrasting topstitching** make the harmonious ambience an aesthetic eye-catcher.

OVERVIEW OF FEATURES

Seats in designo nappa leather in saddle brown with backrest and cushion in diamond design with patterned perforations, seat side bolsters and head restraints, including piping in the front and rear seats

“designo” badges in the seat backrests of the front and rear seats

AMG performance seats¹ (option)

Door centre panels in diamond design, door armrests and centre armrest in designo nappa leather in saddle brown

Upper dashboard section and beltlines in black ARTICO man-made leather with contrasting topstitching

3-spoke multifunction steering wheel from the Exclusive design and equipment line, in black nappa leather

Black fabric roof liner

designo black velour floor mats with edging in ARTICO man-made leather in saddle brown with “designo” badges in the front floor mats

High-gloss brown linestructure lime wood trim

¹ Not available in conjunction with Rear Seat Entertainment System.

Mercedes-Benz is one of the founding partners of the “Laureus Sport for Good Foundation”.

Since the foundation was established in 2000, Mercedes-Benz has been supporting and promoting the aims and values of this worldwide non-profit-making programme: to use social sports projects to improve the lives of children and young people.

Disclaimer

Please note: Changes may have been made to the product since the brochure went to press. The manufacturer reserves the right to make changes to the design, form, colour and specification of any Mercedes-Benz vehicle during the lifecycle period, provided these changes, while taking into account the interests of the vendor, are communicated to the purchaser. The illustrations may show accessories and items of optional equipment which are not part of standard South African specification and will therefore not be available to the South African purchaser. The manufacturer is under no obligation to make such accessories and items of optional equipment available to the purchaser. Colours may differ slightly from those shown in the brochure, owing to the limitations of the electronic display. Additionally, some models, features, optional extras, colours and/or services may only be available in combination with others. For current and more specific information in relation to the range of models, features, optional extras, colours and/or services available in your country, and their pricing, please contact your nearest authorised Mercedes-Benz Passenger Car Dealer.
