DRIVING PERFORMANCE

Disclaimer

Please note: Changes may have been made to the product since the brochure went to print. The manufacturer reserves the right to make changes to the design, form, colour and specification of any Mercedes-Benz vehicle during the lifecycle period, provided these changes, while taking into account the interests of the vendor, are communicated to the purchaser. The illustrations may show accessories and items of optional equipment which are not part of standard South African specification and will therefore not be available to the South African purchaser. The manufacturer is under no obligation to make such accessories and items of optional equipment available to the purchaser. Colours may differ slightly from those shown in the brochure, owing to the limitations of the electronic

display. Additionally, some models, features, optional extras, colours and/or services may only be available in combination with others. For current and more specific information in relation to the range of models, features, optional extras, colours and/or services available in your country, and their pricing, please contact your nearest authorised Mercedes-Benz Passenger Car Dealer.

Are we wild?

Are we free?

A photograph of a modern staircase with glass railings and a marble wall. The text "Are we powerful?" is overlaid on the right side of the image.

Are we powerful?

Remember the feeling.

100% wild.

Your hair flies – the Mercedes-AMG GT C Roadster remains firmly on the ground. However dynamic your driving style. This provides for a reassuring feeling coupled with incomparable driving enjoyment. It's all down to the combined effects of AMG RIDE CONTROL sports suspension, AMG SPEEDSHIFT 7G-DCT dual-clutch transmission and new AMG rear axle steering. These add up to supreme poise and comfort accompanied by immense agility and power, particularly in dynamic cornering. The new active air regulation system under the radiator grille additionally provides for efficient cooling of the engine and enhanced performance. Wild looks, too: with a long bonnet featuring the AMG Panamericana grille and a broad rear end with wide tyres that ensure the necessary roadholding.

100% free.

The wind in your face. Your ears revelling in a whole new sound, your pulse racing ecstatically. The new Mercedes-AMG GT C Roadster offers a whole new experience for all your senses: a unique symbiosis of signature AMG sports car Driving Performance and the feeling of open-top driving. Step on the accelerator and feel the momentum thrust you into the air-conditioned AMG Performance seats with AIRSCARF. At a push of a button, the two-mode AMG Performance exhaust system roars into life. You leave everything in your wake. With the purest, unadulterated sense of freedom.

100% powerful.

Taming the power of up to 557 horses. In the fresh air. Savouring the smell of speed. Feel the power of the AMG 4.0-litre V8 biturbo engine. From 0 to 100 km/h in 3.7 seconds with the Mercedes-AMG GT C Roadster. 680 Nm of torque, with spontaneous response and plenty of pulling power right from low revs. The short ratios in 1st and 7th gear enable particularly dynamic spurts. The RACE START function offers added zip and sensitive anti-slip control for an even more emotional driving experience. In a nutshell: pure, unfiltered power. Classic strengths revived!

Handcrafted by Racers.

Hans Werner Aufrecht and Erhard Melcher laid the foundations for AMG in 1967, their minds set on racing success. And in 1971 they duly won the legendary Spa 24-hour race, with the AMG 300 SEL 6.8 prevailing in its class.

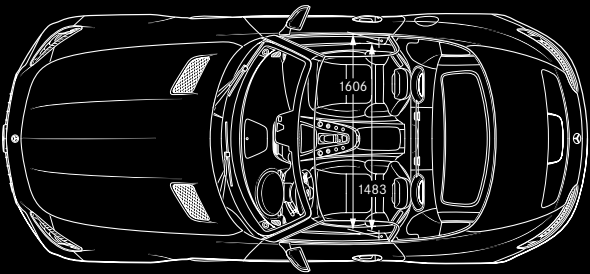

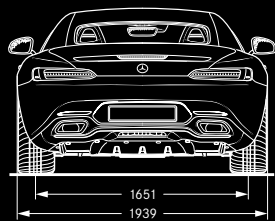

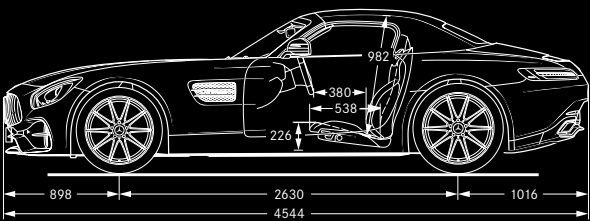

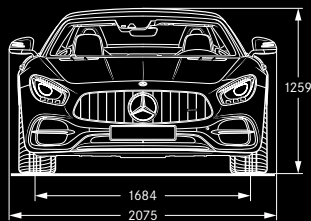

This spirit and close ties with motorsport shape the character of the AMG brand to this day. As demonstrated by the triple victory notched up by the Mercedes-AMG GT3 in the 24-hour race at the Nürburgring in 2016. At our development plant in Affalterbach, fascinating performance vehicles and sports cars are evolved with a special blend of high-tech and craftsmanship – always with the aim of setting new benchmarks. From the Mercedes-AMG GT3 to the Mercedes-AMG GT Roadster. The Mercedes-AMG GT family is the spearhead of our portfolio. Technology and engineering expertise directly from the race track. Handcrafted by Racers.

Technical data.

Mercedes-AMG GT Roadster

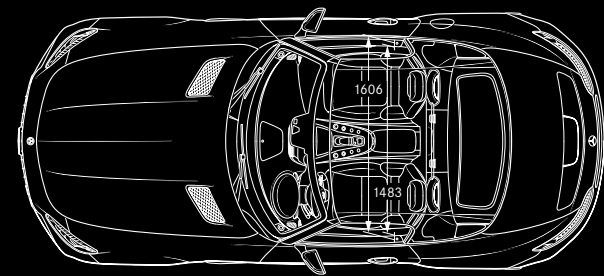

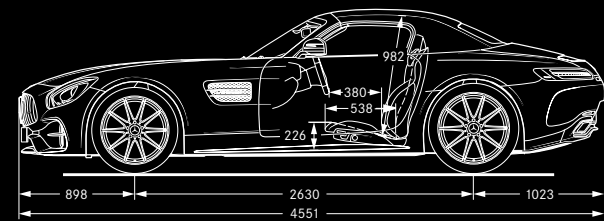

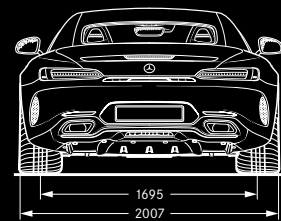

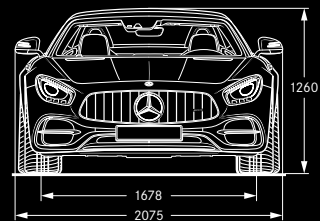

Arrangement/number of cylinders	V8
Total displacement in cc	3982
Rated output ¹ in kW (hp) at rpm	350 (476)/6000
Rated torque ¹ in Nm at rpm	630/1700–5000
Acceleration from 0 to 100 km/h (s)	4.0
Top speed in km/h	302
Tyre size – front, rear	255/35 R 19, 295/35 R 19
Fuel	Premium plus grade petrol
Fuel consumption ² in l/100 km urban/extra-urban/combined	12.2/7.8/9.4
CO ₂ emissions ² in g/km combined	219
Emission class ³ /efficiency class ⁴	Euro 6/G
Tank capacity in l/incl. reserve, approx.	65/10.0
Luggage compartment capacity in l ⁵	165
Turning circle diameter in m	11.50
Kerb weight in kg	1670 ⁶

¹Information on rated output and rated torque in accordance with Directive (EC) No. 595/2009 in the currently applicable version. ²The figures shown for fuel consumption and CO₂ emissions were obtained in accordance with the prescribed measuring process (§ 2 Nos. 5, 6, 6a Pkw-EnVKV (German Ordinance on Fuel Consumption Labelling) in the currently applicable version). The information does not refer to a specific vehicle and is not part of the offer, but is exclusively for purposes of comparison between the various vehicle models. ³Valid only within the European Union. ⁴Determined on the basis of the measured CO₂ emissions with due consideration of the mass of the vehicle. ⁵Figures in accordance with Directive 2007/46/EC in its currently applicable version. ⁶Kerb weight figures in accordance with Directive 92/21/EC in its currently applicable version (mass in running order, fuel tank 90%, with driver, 68 kg, and luggage, 7 kg) for standard-specification vehicles. Optional extras and accessories will generally increase this figure and reduce the payload capacity accordingly. www.mercedes-benz.com

Mercedes-AMG GT C Roadster

Arrangement/number of cylinders	V8
Total displacement in cc	3982
Rated output ¹ in kW (hp) at rpm	410 (557)/5750–6750
Rated torque ¹ in Nm at rpm	680/1900–5750
Acceleration from 0 to 100 km/h (s)	3.7
Top speed in km/h	316
Tyre size – front, rear	265/35 R 19, 305/30 R 20
Fuel	Premium plus grade petrol
Fuel consumption ² in l/100 km urban/extra-urban/combined	15.1/9.0/11.4
CO ₂ emissions ² in g/km combined	259
Emission class ³ /efficiency class ⁴	Euro 6/G
Tank capacity in l/incl. approx. reserve	65/10.0
Luggage compartment capacity in l ⁵	165
Turning circle diameter in m	11.47
Kerb weight in kg	1735 ⁶

All dimensions in millimetres. The dimensions shown are mean values and apply to standard-specification, unladen vehicles.

Mercedes-Benz is one of the founding partners of the “Laureus Sport for Good Foundation”.

Since the foundation was established in 2000, Mercedes-Benz has been supporting and promoting the aims and values of this worldwide non-profit-making programme: to use social sports projects to improve the lives of children and young people.
