

In the past 2 days, the Hendrik Witbooi exhibition has been brought to Gibeon, where it was presented to all learners at the three local schools. Yesterday evening, a Public Community Exhibition and Discussion took place at the WM Jod Primary School Hall, attracting great interest from the people of Gibeon. The presentations are part of the pre-events leading up to the Return of the Bible and Whip of Hendrik Witbooi to Gibeon from Germany. They are facilitated by the Gibeon residents Uhuru Dempers, Evelyn Witbooi, Andy Petersen and Beata Links. We are glad to support this project! <https://www.nbc.na/.../gibeon-residents-present-hendrik-witbo...>
