NIPAM KICK STARTS PE CEO FORUM COMMUNICATION ACTIVITIES

The Public Enterprise CEO's Forum was created in 2016 with the objective of promoting, developing & encouraging cooperation between Public Enterprises in order to promote uniformity. The PE CEO's Forum holds an AGM annually. This year the forum will have an AGM, Gala Dinner and CSI project handover, these events are scheduled to take place from 2nd – 4th June. The theme for 2021 is set to be resilience and agility, this theme is appropriate looking at the events of the past year.

The rise of resilient and agile public enterprises are driven by the need to face, adapt to, and embrace the fast-moving changes that are affecting them. Globally, public enterprises are undergoing radical reforms and transformations because of increasing costs and most importantly budget pressures. More recently, organizational resilience and agility has reached a new

level of importance especially in light of the rapid ongoing global developments.

NIPAM's Executive Director, Ms Maria Nangolo serves as the spokesperson for the forum, in that light NIPAM ED constituted a committee responsible for all communication activities of the upcoming AGM. NIPAM was given the responsibility of coordinating the forums pre-AGM communication activities. The communication activities involved getting different quotes from CEO's of the various public enterprises and publishing news pieces in the local newspapers amongst other activities. On Friday 21st May NIPAM published an editorial written by the Manager for Business Development and a quote from the Executive Director. NIPAM plans to host a panel discussion with various PE CEO's and a public lecture in collaboration with the Ministry of Public Enterprise.
