

FINANCE FOR NON-FINANCIAL MANAGERS

The field of finance is broad and dynamic. Finance directly affects everyone's life, whether you are an individual or organisation. Basic principles of finance can be applied in business organisations of different types. Many of these principles are applicable to an individual's personal financial life. A basic understanding of finance will benefit most adults by enabling them to make better personal financial decisions. For those who work in non-financial positions will benefit by being able to understand basic financial concepts, reading and interpreting financial statements, which will assist in making informed financial decisions. It will additionally enable them to interact effectively with the firm's financial staff, processes, and procedures.
