30 August - 3 September 2021

NIPAM, NUST AND UNAM KICK START COALITION

NIPAM in collaboration with NUST and UNAM facilitated a training workshop where participants were trained on core public procurement principles and disciplines.

During the week-long training, the participants were taken through various areas of focus in regards to the public procurement process. The focus areas of the training included evaluations and contract management to name a few.

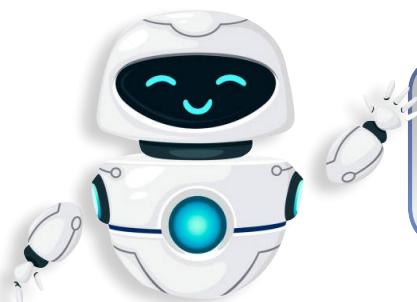

The training sought not only to educate the participants on the inner workings of the public procurement management process but it also aimed to deepen the knowledge the participants have by going beyond the previously mentioned focus areas.

The participants were also taken through the aspects of the importance of procurement planning, policies and procedures for procurement plans. The functions of the Procurement Committee, Public procurement Management Unit, Bid Evaluation Committee, Central Procurement Board and Procurement Policy Unit.
