# NIPAM WINNING

NIPAM continues to create training initiatives aimed at capacitating the Namibian public sector. NIPAM acts as a habitual facilitator of training in order to create an environment that necessitates constant skills acquirement in order to keep up with an ever-changing economic, political and business environment.

The recent training's of note included Social Media Management, Design Training and Policy Development & Planning Training which collectively capacitated individuals from the Namibian Defense Force (NDF), The Electricity Control Board (ECB) and Sanlam Namibia to name a few.

NIPAM's influence in the areas of training, consultancy and

capacity evaluation remain widespread and far-reaching and this ensures that the achievement of its mandate is not local but national helping achieve greater national capacitation of public servants.

External engagement is not the only area NIPAM is excelling at as its internal engagement initiatives are also a key focus in order to drive employee engagement and participation.

NIPAM continues to strive toward achieving its mandated purpose of capacitating the public sector of Namibia.
