NIPAM'S INTERNSHIP PROGRAMME

NIPAM Executive Director Ms Maria Nangolo (left) with Research & Capacity Evaluation Intern Ms Merrinah Siboli

NIPAM has been established to capacitate the public service with an aim to ensure efficient and effective service delivery to the citizens. The mandate of NIPAM is specific, unique and of paramount importance. Given the same, NIPAM initiated an internship programme to expose the graduates to the public service ethos, provide

them with varied experiences, build their confidence, strengthen their interpersonal skills and give them a competitive advantage as they pursue a permanent position.

Ms Merrinah Siboli stands as a testimony to our internship programme. She holds an Honours Degree in Economics

from the University of Namibia. She joined NIPAM as an intern assisting the core mandate of the Institute. Ms Siboli, during her internship at NIPAM, acquired valuable skills and knowledge which, inter alia, assisted her in getting a permanent position.

Ms Siboli had the following to say about her experiences “my time at NIPAM has enabled me to pick up invaluable knowledge about the inner functions of how consultancy services should be conducted from inception to delivery which is a skill that I will put to very good use.”

Ms Siboli thanked NIPAM for the experience and skills it has bestowed on her and extended its sincerest appreciation to the Executive Director of NIPAM, Ms Maria Ndatiwelao Nangolo, whom she holds in very high regard as one of her role models whom she'd like to emulate in the future.

NIPAM is committed to continuing and strengthening its internship programme to provide interns with opportunities to grow their careers.
