NIPAM AND WINDHOEK VOCATIONAL TRAINING CENTRE SIGN MEMORANDUM OF UNDERSTANDING (MOU)

We are pleased to announce that NIPAM signed a three (3) year Memorandum of Understanding (MoU) with Windhoek Vocational Training Centre yesterday. The MoU was signed to share resources to achieve our respective goals.

Under the MoU, NIPAM, and WVTC have agreed to collaborate on various initiatives that benefit both institutions. This includes sharing resources such as expertise, research, and technology. This collaboration will help us achieve our shared objectives and contribute to the growth and development of our respective organisations.

NIPAM and WVTC staff members

NIPAM's Acting Executive Director, Mr Sankwasa Mubita, stated that the MoU solidify a mutually beneficial partnership between the two institutions. "The resources-sharing agreement between these two institutions promises to facilitate sharing expertise, knowledge, facilities, and equipment, among other resources. This collaboration will undoubtedly result in tangible benefits, including increased efficiency, reduced costs, and improved service delivery."

Centre Manager for WVTC, Mr Polli Andima, highlighted that the MOU is a strategic issue to formalise the cooperation between WVTC and NIPAM. "This is just the beginning of real work. We can make this MoU a reality with goodwill, clear ambitions, and a strong commitment to work together."

This partnership is an exciting opportunity for us to work with a reputable institution such as WVTC. We are committed to exploring various areas of cooperation, including joint research projects, professional development opportunities, and student exchange.

NIPAM TO HOST CYBER SECURITY AWARENESS PUBLIC SEMINAR

CYBER SECURITY AWARENESS PUBLIC SEMINAR

NIPAM
NAMIBIA INSTITUTE OF PUBLIC
ADMINISTRATION AND MANAGEMENT

About the Seminar:

The primary focus of the seminar is the prevention of incidents that lead to loss of brand reputation and financial losses. It is important that organisations and individuals protect themselves from cyber-attacks on any system. This seminar is designed to help users and employees understand the role they play in helping to combat information security breaches.

Who Should Attend

- Computer end users
- Employees entrusted with company devices or data
- Organisations with no cybersecurity programs in place
- Senior managers who lead any team that uses digital transmissions
- Communications departments (internal and external)
- HR professionals
- IT professionals
- Members of the general public

According to recent online reports, there has been a sharp increase in the number of cyber-attacks; hence there is a need to raise cyber security awareness. Cyber security is a strategy used by IT and security professionals to prevent and mitigate computer user risks against cyber-attacks and unauthorized access.

As a training institute, NIPAM is dedicated to providing training that is relevant and current in order to ensure the transformation of the Namibian Public Sector as per mandate. Hence, on Monday, 15 May 2023, in association with CRAN and MICT, NIPAM will host a free Cyber Security Awareness Public Seminar at NIPAM Campus, Paul Nash Street, @ 08h30.
