Welcome to the DHPS,
our Excellent German School Abroad
and German-Namibian School of Encounter

Jörg Przybilla
Principal

Outstanding educational standards and promotion of the German language are priority right from the start. Integration and encounter as well as cultural and linguistic diversity of our learners and teachers are our constant task and provide various opportunities for inter-cultural encounter.

About us...

Excellent German School Abroad

**Two internationally acknowledged
school leaving certificates**

Integration and encounter right from the start

What is offered at the DHPS?

- A German kindergarten with a crèche group for babies (as from 3 months of age)
- German- and English- medium pre-school
- Boarding school
- Child & Youth centre
- Comprehensive support centre
- Two internationally acknowledged school leaving certificates

Two High School Certificates - a school for all:

- At our school we offer two internationally acknowledged school leaving certificates:
 - German International Abitur (DIA)
 - Cambridge Certificate
- Junior and secondary school certificate in German stream (Haupt-/Realschulabschluss)
- German language diploma (DSD II) in English medium branch

From kindergarten to High school

Optimal education right from the start: Where the smallest are the greatest

We accommodate children as from 3 months of age, offer learning support- and encounter-programs from kindergarten to pre-school and facilitate an ambitious language concept for optimal education for our learners right from the start.

At the DHPS kindergarten and pre-school, we learn, play, laugh and celebrate together.

We talk German to our inquisitive tiny tots of the DHPS kindergarten from the toddler-group until their entry into pre-school, where German- and English-medium classes are available.

Education “Made in Germany”

This is what distinguishes us:

- Modern teaching methods
- Democratic educational objectives, which satisfy the requirements of modern society
- Sound, individual language training
- Excellently equipped laboratories and classrooms for natural sciences lessons
- Wide offer of extra-curricular activities in the field of sports, music and arts

Two routes - one destination

We are the only school in Namibia and Southern Africa offering the German International Abitur (DIA) in addition to the Cambridge Certificate. An extensive language support concept enables non-native speakers to improve their German skills.

Live and learn together at the DHPS boarding school

Regular daily routine, healthy meals, coordination of school- and leisure programs, strong team - spirit, living and learning together along with a variety of recreational activities determine the every-day DHPS hostel life.

- Spacious campus with a wide offer of sports and games
- Age-group-appropriate accommodation in 2- to 3-person bed rooms which are decorated individually.
- Various possibilities for retreat and group rooms - from coffee bar to swimming pool.

Exciting activities & colourful diversity at the DHPS Child & Youth Centre

The DHPS Child & Youth Centre offers perfect afternoon-care facilities for our Grade 1-7 learners whose parents are working.

- Sports-, music-, art offers in addition to games, fun and relaxation: There is something for everyone!
- Homework supervision in small groups
- Supervision by educational professionals
- Age-appropriate activities
- Exciting holiday programs with excursions and special activities

The joint, multicultural togetherness at the Child & Youth Centre strengthens our social skills and self competence. In addition, the promotion of the German language is actively practiced and children playfully immerse in German as their conversational language.

Support programmes

Every child learns differently.
Those who experience success enjoy learning!

Dyslexia (LRS) and Dyscalculia

- Targeted training and individual promotion schedules
- Diversified use of methods
- Developing a stable self-esteem
- Creating a stimulating sense of achievement
- Strengthening perception skills
- Improvement of reading and spelling skills as well as numeracy

Learning Support & Enhancement

- Learning aids for learners in small groups
- Additional, extra-curricular support lessons
- Overcome learning difficulties
- More complicated tasks for strong performers
- Differentiated educational programme
- "Kolibri" concept of differentiated education in German, mathematics and English

Supplementary lessons

Special language support program for our non-mother-tongue German or English learners of Grades 1-4
Promotion of linguistic intuition and written language acquisition in reading and spelling
Corrective feedback

Sports coordination & Motor skills promotion

Promotion of motor skills and abilities of children in kindergarten as from 2-3 years and Grade 1 and 2 learners.
Strengthening of social and motor skills
Improved ability to concentrate through targeted sports coordination exercises in Namibia's most modern sports hall

School life

Also beyond regular lessons an interesting and varied program is offered -
Explore the active DHPS school life!

Extra-mural activities

Besides successful learning, achievements in sports, music, arts and the social field are particularly important to us.

The DHPS offers a comprehensive extra-mural program for the development of the overall personality!

Culture, Theatre & Music

The DHPS sees itself not only as an academic educational institution-, but also as a cultural establishment. Our learners successfully perform on stage in orchestra, choir class or brass class concerts as well as in theatre plays.

Being a German cultural institution, our auditorium with its ultra-modern technical equipment is available for external events like lectures, concerts or presentations.

Excursions

During exciting and informative DHPS outings our learners regularly experience the diversity of our nature and what can be learned and explored in the Namibian bush.

Social Commitment

Social commitment is important to us. Therefore we have set ourselves the task to help people that need special support. Learners realize that their commitment and their honorary work, their time and dedication are of great importance to others.

Contact

We look forward to your visit
or to communicate with you!

Please do not hesitate to contact us personally or via e-mail. We will gladly be available to establish contacts with the heads of the required departments who will provide detailed insight.

We look forward to welcome you and your child at the DHPS, to join us on a walking tour on our (usually sunny) spacious campus.
